From the President's Fly Tying Desk

Dear DVFF Members,

Our member renewal process has started. We already have over 10 members that have renewed online in the first 2 days. Our goal is to have all members renewed before December 1, 2026. You must renew your membership to sign up for any of our 2027 trips.

Our Annual Banquet is fast approaching; it is our major source of funds for the club. The Banquet is scheduled for December 10, 2026, at Georgine's Restaurant in Bristol PA. It is a good opportunity to socialize with club members. We have a lot of door prizes, including Fly Rods, Reels, Packs and accessories as well as Gift Cards. We are looking for filled fly boxes for additional prizes, if you can help with that, please let me know.

The first trip you can sign up for is Kettle Creek Lodge and Cabins, April 22-25, 2027. The sign up for the trip will start on January 2, 2027. A club email will be sent out on that day. (time to be announced later)

The next trips will be Mink Pond, Riverside Inn & Café (Beaverkill) and Dream Catcher Resort (West Branch of the Delaware). You can sign up for them in the first week of February 2027.

Tim Flagler is our speaker for October 2026. He will be giving a presentation on fishing the Ken Lockwood Gorge on the South Branch of the Raritan in Califon NJ.

Our weekday trip is scheduled for October 22, 2026, on this river.

Be safe and stay well,

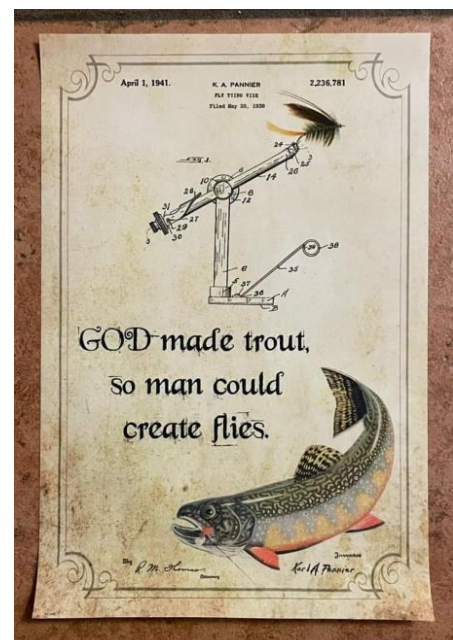

Dale

This Month's Presentation

Tim Flagler is the owner of Tightline Productions, L.L.C., a video production company located in Califon, NJ. Although he produces video programs over a wide range of topics, his specialty is fly fishing. Tim is a well-known fly tying instructor. His YouTube videos are some of the best in the business and his YouTube channel, <https://www.youtube.com/@tightlinevideo/videos> currently has over 128,000 subscribers and 42 million views. He produces new fly tying or "how to" videos which appear not only on his YouTube channel but on MidCurrent as well. They're also featured on Trout Unlimited's national website and in the Orvis Learning Center. In addition, he has a regular column "Beginner's Masterclass with Tim Flagler" in Fly Tyer magazine, which selected Tim as their "Fly Tyer of the Year" in their Winter 2022 issue. Many of Tim's tying videos take the viewer well beyond just the tying of the fly and show what it looks like underwater, what natural it represents and how it can be fished.

Tim's a fixture at the Fly Fishing Shows - giving presentations, teaching classes and often as a Featured Tier. He does monthly "Tie-Off's" with Tom Rosenbauer (Orvis) and Cheech Pierce (Fly Fish Food) as well. He enjoys guiding year round for South Branch Outfitters (formerly Shannon's Fly & Tackle) in Califon, NJ and hosts annual trips to Patagonia in the spring and to the Kootenai River in MT & Northern British Columbia in the summer. He also hosts several trips within the year to Spruce Creek, PA and to the Erie area for steelhead in early December.

FLY OF THE MONTH

The F Fly

One of the easiest and simplest to tie flies is the F Fly. It was created by Marjan Fratrik who was an early proponent of using CDC for tying flies and is responsible for many simple and effective fly patterns. It can be tied in many sizes and colors for both the body and the wing. It can be tied with just a thread body or by dubbing a very thin one. The original pattern was tied with just a thread body. Marjan also tied his with a CDC wing which he cut to length rather than using the tips of the feather. His method provides greater stiffness in the wing and possibly a higher float on the water, though they do look nicer with the natural ends.

Place your choice of dry fly hook in the vice and attach your choice of color for the thread. Wrap the thread up and back and build a thread body or dub a thin body.

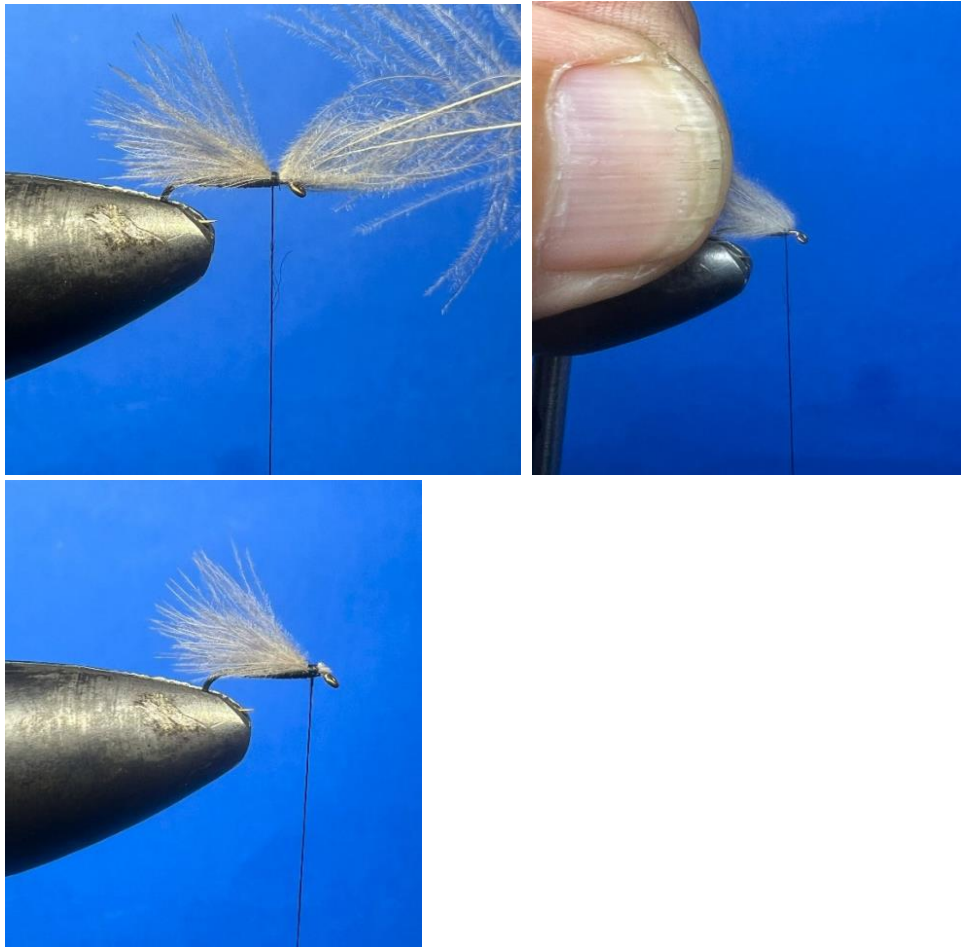

This is being tied on a size 18 hook for which I'm using two CDC feathers. Stack the feathers on top of each other and even the tips. (Note, this isn't critical if you are trimming the feathers to length). Stroke the feather fibers toward the tips and create a bunch to about the length of the wing.

Use a pinch wrap and tie the CDC bunch on top of the hook at the end of the thread/dubbed body with several wraps. Adjust the length by pulling on the feathers if they are too long. Then lift the butt ends up and take a couple of

wraps in front and under the stems before returning to behind the butts and taking a few securing wraps. This helps to lock the feathers in a little better. Trim off the butt ends.

Wrap over the butts, create a small head, whip finish and use head cement if you like.

You can also tie the wing longer than needed and then trim the tips off. This is the method used by it's originator. He felt it provided a stiffer wing which allowed the fly to float higher on the water.

This simple fly is truly a must have in your box. It is a great imitator of the small black caddis found in our Pocono streams. It can be tied in many sizes and colors to imitate a variety of insects and it has proven to be very productive fly for grayling when tied in bright orange and pink.

MEMBERS ONLY FACEBOOK GROUP PAGE

www.facebook.com/groups/

For Members to post fly fishing and fly tying discussions

A new feature has been created off the Delaware Valley Fly Fishers Facebook Page, it is a Facebook Group Page. You can find it on the DVFF Facebook page in the Group Box.

This was created because of a survey comment that asked for a way so members can communicate, comment and discuss with the group fly fishing, tying and any other topics you feel is important.

The difference between the DVFF Facebook Group Page and the DVFF Facebook Page is, the DVFF Facebook Page is accessible to the world but only comments can be left on the page. Only Admins and Editors can post to the DVFF Facebook Page. The DVFF Facebook Group Page is members only and only the members can post and comment on this page. This becomes an interactive page for our members to use for discussion topics.

This is a **PRIVATE GROUP** and if you would like to join it you need to click on the Group Page Link in the box and answer the questions and you will be accepted to the page if you are a paid member.

There are currently 3 Posted Topics in the Group Page now. **Online Meetings, September Fishing Outing** and **Online Fly Tying Workshops**, more topics will be created as needed.

DVFF Group Page rules:

Be Kind and Courteous

We're all in this together to create a welcoming environment. Let's treat everyone with respect. Healthy debates are natural, but kindness is required.

No Hate Speech or Bullying

Make sure everyone feels safe. Bullying of any kind isn't allowed, and degrading comments about things like race, religion, culture, sexual orientation, gender or identity will not be tolerated.

No Promotions or Spam

Give more than you take to this group. Self-promotion, spam and irrelevant links aren't allowed.

Respect Everyone's Privacy

Being part of this group requires mutual trust. Authentic, expressive discussions make groups great, but may also be sensitive and private. What's shared in the group should stay in the group

This page is moderated so any violations from a member, will cause the member will be removed.

Please enjoy and be responsible

Please if you have anything you are displeased with don't make public posts, a private email to the Delaware Valley Email will be the correct venue. Other Board Members have access to read those emails and would take the appropriate action.

Articles for the Flies and Lies newsletter must be submitted by the first week of the month to be published in the following publication.

A Reminder on Stream Etiquette

- Always be polite on the water, respect others, and respect the environment.
- Don't 'crowd' other anglers, give people space.
- When wanting to pass a person fishing always ask if its ok to pass BEHIND them, communicate your intentions
- Don't be splashing around.
- A person has an area until they are ready to give it up, avoid jumping in immediately downstream or upstream of another angler.
- Don't litter, pack out trash if you find it
- Practice good conservation by keeping fish in the water and minimize time out of water
- Use barbless hooks for easy/safe release
