

Potty Training Policy - LMTC

Children must be toilet-trained and self sufficient in the restroom before enrollment.

I do not have housekeeping staff to handle potty training or regular clean ups. I understand that accidents happen and I will assist them accordingly. But they should be able to help themselves on a regular basis.

- Please bring 2 ziplock bags with a full change of clothes in each, for us to keep at the school for accidents.

Children should be self sufficient enough to do the following without any assistance:

- Recognize when they need to use the restroom
- Make the choice to go to the restroom on their own
- Pull their own pants up and down
- Get up and down from the toilet
- Flush the toilet
- Wash their hands

For safety purposes:

- I will only enter the restroom and assist them if they cannot help themselves.
- I will assist a child with wiping as needed. But please be working on teaching them to wipe themselves.
- Children will never use the toilet with another child in the bathroom.
- Teacher Helpers will NEVER assist a child in the restroom.
- Teacher Jennifer will be the only person assisting children with restroom needs.
