

Birthdays

Birthdays are a great opportunity to show our love for your child and celebrate them. As we are only a half-day preschool we will need to make our celebrations short but very sweet!

We will celebrate their birthday the week of. If your child is not at school on their birthday, we will celebrate it the day before or after. Let's chat via text prior.

Your child will:

- Have their birthday marked on the class calendar.
- Wear our birthday cake hat for the day.
- Receive a gift bag from me with a card from Teachers.
- We will sing to them at calendar time.
- They will choose the energy activity for the day.

You can provide a treat to share with friends (not a requirement). It can be homemade or store bought.

- We always have 10 children and I will inform you of food allergies.
- Your child will pass the treat to each friend and then we will sing to them after lunch.

I will send you a collage of birthday photos and a video of friends singing happy birthday. And will post the collage on the blog.
