

LMTC Book Fair Weeks

September 25-29
February 26-March 1

I am always adding to our book collection to aid in learning. Literacy is so important and children are reading less with more access to audio and video books. Reading a book that you can hold in your hand reaches more of their senses and is so much more engaging! Consider ordering books for your child, and helping our classroom earn books for the school year. Thanks for your support!
