

## Potty Training at LMTC

---

I expect each Preschool child to be potty trained.

However, I understand that some children need a bit more help especially when learning to go potty at school. Please read the information below so that we can work together to help your child use the bathroom.

- In the first week or so, we will take frequent potty trips as a class.
- I will remain outside of the bathroom while the child uses it and enter only if the child needs assistance.
- I will always have the bathroom door open when I am assisting the child, but give privacy to the child as needed.
- I will assist in helping to wipe if a child poops as needed. But please be working on teaching them to wipe themselves.
- I hope that each child will be able to get dressed on their own. But I will help with pulling up underwear/pants if needed.
- Children will never use the toilet with another child in the bathroom. They will only be in the bathroom as a group if they are just washing hands for eating or from a dirty activity.
- Teacher Jennifer will be the only person assisting children with the potty; Teacher Helpers will never help with potty training.
- Please bring adequate changes of clothes to school.
- Those that do not need help with potty training will be able to use the bathroom on their own.
- I want your child to feel safe going to the bathroom on their own, they do not need to tell me when they have to go. Just go!
