

TESTIMONIAL

Hi Rob,

Congratulations on the opening of your business!

Sorry for the delay in writing the review. The last month has been an emotional challenge for me. We should have coffee or wine sometime for me to explain how significant I believe our session was. Unfortunately, at 7:00 am the morning after our session, I found out a good friend passed away from a tragic accident. It was a friend I met through Mary (the Spirit I believe joined us the night of our session). I choose to believe it was Mary's way of letting me know he is at peace and she has welcomed him home.

Rob is a unique, talented, and spiritual Reiki professional. This was my first Reiki session and I was amazed at my body's state of calm and peace after the session. Rob did an excellent job of explaining what would occur throughout the session. My mind, body and spirit responded amazingly well to his style and technique. I plan to have regular Reiki sessions with Rob. 11 out of 10 Stars!!
