

BASE OIL GROUP I

SN 150, SN500, SN600

SL #	Charisteristic Units	Test Methods	SN-150	SN-500	SN-600
1	Density @ 15 oC	ASTM D1298	0.86	0.87	0.88
2	Viscosity @ 40 oC	ASTM D445	24	94	110
3	Viscosity @ 100 oC	ASTM D445	5.5	10.5	13
4	Viscosity Index	ASTM D2270	90	87	88
5	Flah Point COC, oC	ASTM D 92	210	225	225
6	Pour Point, oC	ASTM D97	-6	-6	-6
7	Total Acid Numer, mg KOH/g	ASTM D2896	0.3	0.3	0.3
8	Color	ASTM D1500	2	2.5	3
9	Appearance	ASTM D4176	C&B	C&B	C&B

*Exact specification may slightly vary from above, but within international standards.

* SN (Solvent neutral)

* BS (Bright Stock)

Health and Safety: The majority of base oil, mineral oil based lubricants and greases are relatively harmless to man. Their use normally involves no unusual hazards, provided that reasonable care is taken to avoid excessive skin contact or inhalation of mists vapors.
