Terms and Conditions

Booking / payment terms

Boarding fees are calculated by overnight stay if your cat is picked up before 12:00; otherwise, an extra night will be charged. To secure your reservation, a 50% deposit is required. If you must cancel your reservation, please notify us as soon as possible. If you cancel less than 7 days before your reservation, your deposit is non-refundable. The balance of your boarding fee is payable the day before admission.

Inoculations / Vaccinations

Your cat should have been vaccinated within the last 12 months or no less than 14 days before boarding.

Felv / FIV status

If you require your cat to free roam in the hotel, we require a FIV/FelV health certificate dated within the last 12 months certifying that your cat is negative for both illnesses.

Parasite control

Before being admitted to the hotel, all cats must be treated for ticks, fleas, and worms. We recommend a minimum time between receiving the treatment and entry into the cattery of 14 days. This will allow any adverse reactions to the drugs to clear, and will protect your cat properly. If we find these parasites on your cat, we will charge you for the necessary treatment.

Illness / injury

Your cat must be in good health and free of infectious illnesses or diseases at the time of admission. Any cat suffering from or suspected of suffering from an infectious disease while staying with us will be removed to an isolation facility for the safety of both the cat and the other guests. In the unlikely event that your cat becomes ill, we reserve the right to summon a veterinary surgeon. The cat's owner is responsible for all treatment and care costs.

Secure carriers

When checked in and collected, all cats must be in a safe and secure cat carrier.

Abandoned Cats / Non-collection

If a cat is not collected after it should have been booked out and an 8-day period has lapsed, the client grants permission and authority to Purrbnb to re-home the cat or hand the cat over to the SPCA. This decision is entirely at the discretion of Purrbnb. The client also agrees and acknowledges that they will be fully liable to pay the daily rate and all other costs specified in this agreement until the cat is re-homed or handed over to the SPCA.

Information

The client wishes to record that they have made a full and honest disclosure of any illnesses and/or injuries that the cat may be suffering from, or has suffered from, and/or any medication that the cat is taking. The client further agrees to notify us if their cat has been ill or has been attended to by a vet in the 14 days prior to check in. The client further wishes to record that the details of the veterinarian of the cat have been provided.

Indemnity

The client acknowledges and understands that although every reasonable effort will be made to look after their cat, that should their cat die, become ill, sustain an injury, or escape whilst at Purrbnb, that the client will indemnify and have no claim against Purrbnb, the facilitators, employees, guests nor other persons associated with Purrbnb.

I have read, understood and agree to the Terms and Conditions
