[More New Mama Care Kits available](#)

## in Southern Nevada!

Thanks to our volunteers from Positively Kids, Health Plan of Nevada, Fit4Mom, 1Care Kids, Sofidel, and SNHD we were able to **assemble 270 kits** in just under 3 hours!!!

We want to give a huge shoutout to our sponsor **Health Plan of Nevada** for helping us with the supplies and bags for these kits! We would not be able to do this without them!

We would also like to give a special shoutout to all the organizations that donated items for the kits!

**UMC Healthy Living Institute:** Sanitary pads and baby socks

**Sofidel:** Toilet paper and tissue boxes (a total of 1,620 toilet paper rolls and 3,168 tissue boxes!!!)

**Motherlove:** Nipple cream

**Blistex, Inc.:** Tucks Witch Hazel Pads

**Dignity Health knitters group:** Baby blankets, baby beanies, and burping cloths

*If you or your organization would like to help us distribute these kits to our Southern Nevada community, please email [KairiRenae.Pangelinan@dignityhealth.org](mailto:KairiRenae.Pangelinan@dignityhealth.org)!*

## Upcoming learning collaborative: Advancing Health Equity: Increasing Access to Care for IPV and Exploitation Survivors

Learn more and apply here

This learning collaborative will be presented in English with Spanish interpretation. / Este aprendizaje colaborativo se presentará en inglés con interpretación en español.

Achieving health equity for survivors of intimate partner violence (IPV) and human trafficking/exploitation (HT/E) begins with opportunities both at the health center (HC) level and through their community-based partnerships. The goal is to decrease barriers to care by increasing health enrollment and safety support. HCs can focus on systems change to disrupt the cycle of violence, including by developing partnerships, creating clinical workflows that utilize an evidence-based "CUES" intervention (Confidentiality, Universal Education and Empowerment, and Support), and optimizing health IT tools and UDS data collection measures. We will explore the health impact of IPV, labor trafficking/E including on farmworkers, youth and rural communities. This 4-session learning collaborative will review these system changes and best practices to advance health equity for survivors of IPV/HT/E.

Sessions will go from January 24, 2024 to February 14, 2024. All sessions will be on a Wednesday at 8am HST/10 am PST/11pmMST/12pm CST/1pm EST for 60 minutes.

We encourage all health centers and organizations to identify one staff member as the main applicant and submit one application per site. You may add multiple colleagues to this application. You can also apply individually!

**YOUTH MENTORING PROGRAM**

**SIGN UP TO BE A MENTOR TODAY!**

The Youth Mentoring Program pairs mentors with refugee youth ages 15 to 24 to lend support to their educational and career goals. Mentors help refugee youth feel more welcome in their new home and guide them as they become accustomed to life in the Las Vegas community.

**REQUIREMENTS:**

- Commit to one year of mentoring
- Meet with youth refugee virtually or in person at least twice a month
- Support the youth's long-term educational and career goals
- Help with a wide variety of life skills, including:
  - Completing applications for jobs and educational programs
  - English conversation practice
  - Homework assistance
  - Exploring financial aid and scholarship opportunities
  - Participate in social and civil engagement

**INTERESTED?  
HERE'S HOW TO SIGN UP:**

- Submit a Youth Mentor Application
- Undergo a brief information session and interview with the Youth Mentorship Supervisor
- Agree to a criminal background check through Catholic Charities

## Pediatric Mental Health Webinar

AMCHP and the American Academy of Pediatrics are hosting a virtual learning café series to increase awareness of community-based mental health supports that are available to children/youth and families. Each learning café will include a short didactic presentation, followed by peer-to-peer discussion and questions. Presenters will include staff from MCH Title V programs who have ongoing mental health programs that involve Pediatric Mental Health Care Access (PMHCA) programs and/or pediatric primary care professionals.

**December 7th from 12-1 pm  
ET**

*The next EMPODERADAS series is on December 20th the topic will be "financial at home."*

## December Observances

HAPPY HOLIDAYS

## Important Updates & Resources

### [Recall notice for Northern NV](#)

The Food and Drug Administration (FDA) announced HMC Farms is voluntarily recalling peaches, plums and nectarines due to a risk of *Listeria monocytogenes*, which can cause serious or fatal infections in vulnerable populations.

The recalled fruit is only for affected peaches, plums and nectarines distributed between May 1-Nov. 15, 2023. Current fruit available in retail markets are not included in this recall. The FDA is urging consumers to check their freezers in case there could be frozen fruit stored there, and to discard it if there is any found.
