Budget

To fully fund programs for veterans, service members, and their families, Congress must:

- Reform the dysfunctional federal budget process.
- Authorize VA to receive reimbursements from TRICARE and Medicare.
- Never reduce one veteran's benefits to pay for another.

Disability Assistance and Memorial Affairs

To ensure veterans and their survivors have timely access to earned benefits, Congress and VA must:

- Properly implement comprehensive toxic exposure legislation.
- Review and assess military toxic exposures, and ensure health care and benefits are provided to all toxic-exposed veterans.
- Consider treatment of presumptive conditions as a claim for disability compensation.
- Properly implement the modernized appeals process.
- Reinstate pre-decisional review authority for claims representatives prior to final rating decisions.
- Require VA to accept private medical evidence in lieu of VA examinations.
- Update regulations and laws governing claims to account for digital claims processing.
- Improve the accuracy of disability compensation claims related to military sexual trauma.
- Crack down on predatory claims providers.
- Increase Dependency and Indemnity Compensation benefits for survivors.
- Increase burial allowances to account for inflation.

Education, Employment, and Transition Assistance

To ensure veterans succeed after leaving military service, Congress, VA, DOD, and DOL must:

- Require oversight of transition assistance program pathways, timely attendance, and connections to community transition resources.
- Ensure equal access to pre-discharge claims assistance across the services.
- Mandate the inclusion of accredited representatives in transition assistance briefings.
- Expand transition services for spouses.
- Ensure parity of VA and DOD education programs with other federal programs.
- Improve education benefits through increased online student housing allowances, child care stipends, parity for Guard and Reserve members, and elimination of delimiting dates.
- Enhance outreach and counseling to veterans eligible for the Veteran Readiness and Employment program.
- Expand small business and entrepreneurship resources for veterans and military spouses.
- Expand preferences and tax incentives for hiring veterans and military spouses.
- Fund and track outcomes for career-focused training programs.
- Increase funding for HUD-VASH vouchers, grant and per diem payments, and pilot programs to combat veteran homelessness.

Health Care

To ensure service members and veterans receive timely access to high-quality health care without increasing cost shares, Congress, VA, and DOD must:

- Reduce the number of service members and veterans who die by suicide to zero.
- Strengthen care and research for mental health and traumatic brain injuries.
- Research and effectively treat health conditions associated with toxic exposures.
- Expand geriatric extended care services, nursing home eligibility, and long-term care options.
- Improve VA's prescribing and deprescribing practices.
- Improve programs and services for women and minority veterans.

- Eliminate copayment requirements for preventive health care, including medications.
- Research the efficacy of medical cannabis.
- Properly implement VA and DOD health IT systems.
- Ensure Affordable Care Act parity and access for VA and TRICARE users.

Military Quality of Life

To maintain a quality, comprehensive benefits and retirement package that is the backbone for an all-volunteer force, Congress and DOD must:

- Eliminate sexual assault and harassment from the military.
- Increase military base pay comparability with private sector wages.
- Protect and improve on-base quality of life and support programs.
- Eliminate forced arbitration clauses in contracts for service members.
- Ensure that military housing is safe and free of toxic substances.
- End the military retirement pay and VA disability compensation offset.
- Ensure military family members are gainfully employed.
- Eliminate food insecurity in the military.
- Establish the Armed Forces University.
- Ensure equity of benefits for Reserve component service members.

National Security, Foreign Affairs, and POW/MIA

To fully support service members, and protect our nation's citizens and interests around the world, Congress and DOD must:

- Preserve the all-volunteer force.
- Expand partnerships with host nations and private/public organizations to achieve the fullest possible accounting of U.S. military personnel missing from all wars.
- Ensure DPAA is fully funded to perform its personnel recovery mission.
