Instrument Pilot Rating Program Estimate \$12,224.00 **Cirrus SR20 G3**

- This does not include the 50 hours Cross-country Pilot-In-Command required. It is assumed the hours will be completed during this rating and previous ratings before the check ride.
- All hours are approximate and based on FAA minimums.
- SIM time is the maximum allowed by the FAA in our approved Simulator.
- Aircraft are maintained in house for the most consistent flying results.
- Block Time purchases reduce overall Aircraft Rental cost. (All block time purchases are NON-Refundable)
- Cirrus Club membership can reduce overall Aircraft Rental cost.
- Fuel Cost are subject to change at any time and Gallons Per Hour are approximate.

*All hours are approximate and based on FAA minimums.
