

Residents of Sherwood Forest,

If you're planning to sell, please shop around before signing a sales agreement with our property manager's realtors. There are more competitive realtors out there who can service you better and for less money. Also, please visit the website below to see some of the intentions behind our property managers goal in having residents move out of the community.

ELS and other REITs conspire to raise mobile home lot rents in hopes that residents will abandon their homes because they know they cant be moved

Critical times have arrived here in Florida. REITs companies like Equity Lifestyle Properties , Sun communities, Legacy communities and a bunch of others have conspired, are currently conspiring and will conspire in the future how to take more and more of your money. Below you will see an article that explains how they have conspired and what they are hoping for

<https://www.facebook.com/share/p/EkvSaJ3z1NajgQKF/?>

Equity Lifestyle properties are by far the worst. How do I know this ?? I have groups and we take polls from residents from each of the REITs properties and compare.

Equity Lifestyle properties has filed the most evictions in the last 3 years, its public record. They dont waste a single second. If your rent is not paid by the 11th you'll get an eviction notice. They must get a group rate because they are all in when it comes to evictions .

They are hoping you dont show or move out before the eviction hearing so they can steal your home from you. They are putting seniors out to the curb by the dozens, raising the rents higher than what the homeowners can afford because they already know how much the individual's make.
