FLAG DAY

The U.S. flag has a noble heritage, enriched by a cast of colorful characters who all added a special touch of history to the flag we now instantly recognize as the emblem of our country.

Betsy Griscom Ross, a young seamstress who lived on Arch Street in Philadelphia during the 1700's, is probably the best known of these characters.

Captain John Paul Jones became the first person to fly the Stars and Stripes on water (Nov. 1, 1777). General William Maxwell was the first person to carry the flag into battle against the British, at Coach's Bridge in Delaware. Then, in 1831, the flag received one of its most famous monikers from William Driver, captain of the two-masted, square-rigged brig Charles Doggert. He named the flag "Old Glory."

We celebrate Flag Day June 14 So-----Come join us at CH 2
In front of the Veteran's Memorial
At 8:00 AM Followed by Coffee and pastries

FREEDOM

Freedom is not the right to do whatever we want. It is the privilege of doing what we ought. It is not private license; it is public responsibility. It is not freeing ourselves; it is binding ourselves for the good of all
Bishop Robert R Brown

THE GOOD OL' DAYS

Comedian Sam Levenson once said: "When my immigrant father came over here from the old country, he found out three things: that the streets were not paved with gold; that most of the streets were not even paved; that he had to help pave them."

WATER SAFETY

As the temperature heats up the water starts to call your name! There are many ways to enjoy the water during the summer, from pools, hot tubs, oceans, lakes, water parks, and even your own bathtub. With all these different opportunities to cool down during these hot months, water safety is something important to know and learn, as it only takes one second for a tragic event, like drowning, to occur.

Parents keep an eye on your children at all times.

Children know where your parents are. In the ocean it only takes a few seconds to be drawn down the beach in the currents.

STUDENT COMMITTEE

Are your children involved with Commissioner Choudhry's Student Committee?

If not why????

The committee helps children learn how to work with compassion, creativity and a genuine desire to make a difference.

If you are in grades 5 and up, contact 407-742-2000 and ask for more information about Comm. Choudhry's Student Committee.

HOW TO PRESERVE A HUSBAND!

Be careful in your selection. Do not choose too young. When once selected, give your entire thoughts to preparation for domestic use. Some insist on keeping them in a pickle, others are constantly getting them in hot water. This makes them sour, hard to get along with and sometimes bitter. Even poor varieties may be made sweet, tender and good by garnishing them with patience, well-sweetened with kisses. Wrap them in a mantle of charity. Keep warm with a steady fire of domestic devotion and serve with peaches and cream. Thus prepared they will keep for years.

Found in an old cookbook

CONGRATULATIONS GRADUATES

THE YOUNG AT HEART

Youth is not a time of life - it is a state of mind, a temper of the will, a quality of the imagination, a vigor of the emotions, a freshness of the deep springs of life. Nobody grows old merely by living a number of years; people grow old by deserting their ideals. Years wrinkle the skin, but to give up enthusiasm wrinkles the soul. Whether 60 or 16, there is in every human heart the lure of wonder, the undaunted challenge of events, the unfailing childlike appetite for what's next, and the joy of the game of living. We are as young as our self-confidence, as old as our fear; as young as our desire, or old as our despair.
