

Wood Slabs

Hardwood Lumber from Oceania

Choose from our unique selection of exotic natural edge slabs from Oceania! Our extensive selection of natural edged slabs can help you create your own unique, natural works of art. Tables, countertops, headboards, or wall art. No two pieces are exactly alike. Each log has its own story to tell, many have limb crotches, curly figure, or other natural characteristics displaying the raw beauty of wood. With the right base, these tops are at home in any decor, from cabin to modern style
