The emphasis is on the skater's ability to choreograph an entertaining skating routine to music and not on the difficulty of the skating maneuvers performed.

The program should be well-balanced including jumps, spins, connecting moves, gliding maneuvers, etc. Skaters who have passed the traditional ISI Freestyle 1-10 tests are not required to take any additional test to compete at the equivalent level of Open Freestyle events. Skaters who have passed tests from other skating organizations are only required to take the equivalent level test to compete in that level. In some cases, skaters will have to also test to move up to a higher Open Freestyle level - based on their current program content. Open Freestyle event judging criteria includes: Correctness of Jumps, Correctness of Spins, Correctness of Turns & Edges, Variety of Moves, Music Interpretation, Posture, Choreography & Pattern, Presentation, Duration and General Overall. See the ISI Handbook for durations and limitations. Open Bronze duration is 1:30 as of 9/1/2024.

## **SPECIAL SKATER- (See ISI Rulebook) SPOTLIGHT SOLO PROGRAM (All Levels)**

This is an entertaining & “fun” routine that emphasizes the skater’s acting ability and not technical skills. Emphasis is placed on the theatrical and entertainment value of the performance; there is no score for technical merit in this event. Costumes and props are encouraged however, not every number needs a prop for effectiveness. Props, if used, are limited to those the skater can hand-carry or push onto the ice in 30 sec. or less. The skater must pass a test for Tots, Pre-Alpha to Delta or Freestyle to determine the spotlight event level. Event categories are: a) CHARACTER – a famous or easily identifiable character. b) DRAMATIC – a theatrical performance that sets a mood; evoking an emotional response. c) LIGHT ENTERTAINMENT – an entertaining, light-hearted performance. (Please mark the correct category on your entry form).

### **CREATED STROKING (PRE-ALPHA)**

Skaters compete together in groups wearing colored ribbons provided by the rink for easy identification by the Judges. They do only forward stroking in both directions and are judged on posture and correct stroking technique. Crossovers are optional at the end of the rink, but not required and not judged. This is the very basic skill of skating. This event does not follow the ISI Rulebook for Stroking Events.

### **STROKING (Alpha – Delta)**

Skaters compete together in groups wearing colored ribbons provided by the rink for easy identification by the Judges. They do only forward stroking in both directions with crossovers on the end and are judged on posture and correct stroking technique.

### **CROSSOVERS (FS1-FS10)**

Forward crossovers will be executed clockwise and counterclockwise around the center circle. The skater should complete two full circles each direction, introductory steps are optional. Posture, Extension, Power, and Correctness of Push will be judged.

### **Hockey Shooting**

The skater will carry the puck on the stick while skating from one end of the rink to the other around a 4-cone course and will then skate toward the net and take a shot on goal. This is a timed event and the time will stop when the puck enters the net. The skater can shoot any time after the 4th cone, but if they miss, they must get the puck and get it into the goal to stop the timing. The skater with the fastest time in that event group wins.

### **Hockey Skating**

Skaters will race one or two at a time skating one forward lap around the rink carrying the puck on the stick. After completing the forward lap, the skater will drop the puck, keep the stick and skate another lap around the rink backwards. The skater with the fastest time in that event group wins.

### **TOT 1-4 SOLO EVENT**

Tots (skaters age 6 and under) will perform a 1-minute program routine to music. No score will be given for content or duration for Tot Solo events, but judging will stop after 1:10. Lower level moves are allowed but there is no grade for Extra Content. They should only perform the required maneuvers from their test level. Additional maneuvers should not be included, but if performed will not be judged/penalized. Un-captured gliding maneuvers listed in the ISI Handbook may be performed at any level including the Tot levels. 2-foot / 1-foot snowplow stops are permitted in this event. A coach may accompany the tot as they compete. Timing begins with any action after the music starts All Tot competitors must be a current ISI Individual member.
