Any high school coaches can contact Dana if they have questions or need help. Plan on attending fall sports when possible.

Middle School Vice President- fall sports have started and have reached out to all middle school coaches to introduce myself. With money raised from Kids Olympics and Scavenger Hunt, giving middle school cheer \$500 for signs and poms

Treasurer- concession money has been paid out to the teams, profits are down this year due to rising costs and equipment that needed replaced, change in concessions-\$5 minimum on any credit card purchase and raise prices

Use online forms for reimbursement and fundraising- looking for better ways to communicate after forms are sent

Looking at ways to develop a fund to address teams' unexpected needs that occur and exceed the money they have raised- i.e. football needed shoulder pads due to sizes and conditions which is a safety issued and cross country needed safety mats for their meets which also address safety of the runners- possibly developing 2 pools of funds- one long term (money market/mutual funds for the facility building?) and a short term pool to address teams immediate needs, plus the changes in funding from the district

Athletic Director- Thanks to Boosters for providing food for the coaches meeting, inside painting and signs complete in main gym, parents have signed up for payment plan or volunteer to boosters for financial help, cross country meet has been approved by township, will be collecting money for parking for the event

Coaches- fall sports are practicing, scrimmaging and playing. Late or early practice due to the heat, cheer practiced all summer, wrestling camp brought in some talented individuals, boys volleyball has been working out and had players in summer leagues, softball and boys basketball- golf outing, softball is raising money to purchase a better quality uniform that will last longer than a season
