The street the house is on "Via Case Delle Sparse Pietrauta" does not have a road sign. Use Google to a target of "[Studio Dentistico](#)" in [Localita' Pietrauta Centro, 9, 06036 Montefalco PG \(Lat/Long: 42.893563, 12.631362\)](#). Make the left turn directly opposite of the Dentist's office. After you make the turn, stay to the left. Then, there are "La Cardoncina" signs along the road and at the driveway. Follow those signs to our gate.

If you are using Google and it takes you onto Strada Provinciale di Montefalco, DO NOT take the turn (see image 6) it will tell you to take onto what is clearly a dirt path through a farm. Stay straight, it will lead you up to the main road and Google will quickly adjust.

From the Studio Dentistico, make a left (see images 1,2). Stay to the left and follow the signs for "La Cardoncina". You will come to a split in the road, make a left (see images 3,4) "La Cardoncina sign on this corner") and then go straight. You will come to almost the end of the road, make a left into our driveway (see image 5) at the La Cardoncina sign.
