

INCLEMENT WEATHER ADVISORY

It may not be possible for Little Britches Learning center to open during certain weather conditions. We will make every reasonable effort to open the school, however, safety for our children and staff will be our prime consideration for closing the school.

When you are in doubt whether or not the school will be open during inclement weather tune to the designated television station listed below for further information. When DISID schools are closed due to inclement weather, Little Britches will also be closed.

Please tune to: Channel 4 and channel 8.

.....

I acknowledge having read, understand and will comply with these policies. I further acknowledge having received and read the Little Britches Learning Center Parent Handbook and understand all the policies and procedures described therein.

Please note that tuition is still charged and collected due to unforeseen weather conditions that make it necessary for us to close our school.
