INTRODUCING: CARING COMPANIONS PROGRAM

The UCHS's Caring Companions program is proud to **pair seniors with shelter animals** either as a temporary or permanent foster placement. Not only does this provide seniors with the love and companionship of pets as well as the proven health benefits, but it gives animals who may be overlooked in the shelter a chance to find a loving home.

Benefits of Pet Ownership for Seniors:

- | | |
|------------------------------|----------------------------|
| Companionship & comfort | Eases loneliness |
| Proven health benefits | Reduces anxiety/depression |
| Provides stability & routine | Sense of purpose |

ADOPTION CORNER

Harry & Ron

Harry (was River) & Ron (was Pebble) came to UCHS with their Mom and siblings in March 2023 from a small rescue that was overwhelmed. After over a year at our shelter, we were thrilled when the brothers were adopted together and living their best life with their new family!

Update from Family:

"Harry and Ron are doing great!"

They still cuddle with each other, but also play, groom and tussle. They love their numerous toys and cat beds. They both come to sit beside us for pets and sometimes sleep at the base of our bed. Thank you for caring for our boys! They are part of our family!"
