Meet
AL!

Al came in as a surrender, with his brother Benji, in February. He is sweet, playful, loving, and good with other dogs and kids. As a young pup under a year old, he needs continued training and socialization to be the best dog he can be!

Protect Your Pet Why Microchip?

- ✓ Reliable
- ✓ Permanent
- ✓ One-Time Procedure

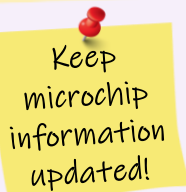

Animals that are taken to a vet clinic, animal shelter, or rescue are routinely scanned for a microchip so they can be reunited with their families.

Microchipping your pet allows for a quick reunion by linking a unique ID to your contact information.

In 2023, UCHS clinics microchipped **63 cats & dogs**

ADOPTION CORNER

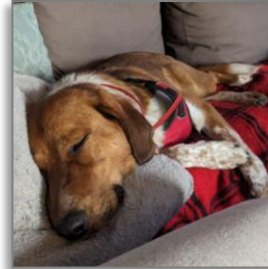

Reggie

This handsome boy (formerly known as Ragoo) came to UCHS in Dec 2022. He had been kept outside and had little socialization with people. The shelter was his first experience being indoors. But he showed SO much potential for being in a home, so all were thrilled to see him adopted to a loving family of his own.

An update from his new family:

"Reginald is a very sweet, playful & loving dog. He's a shy & timid fella but is becoming more trusting day by day. He loves his toys & his kitty siblings. Reggie loves being cozy & sleeping around the house & equally loves going on walks to explore his new surroundings! He is loved very much in his new home!!"
