

July 28, 2020

Tumble Families,

Thank you for responding to our survey and for your kind words. They mean so much. Currently we do not have enough interest in members wanting to return for in-person classes to move forward with our planned reopening. In addition, in-person classes are not allowed at this time per the latest Monterey County ordinance.

Ultimately, we have to focus on what we can do now to protect the investment we made in our physical location and equipment so that we can get back to the business of teaching the students we love so much when the time is right. In order to do that we need to shift gears a bit for the foreseeable future and try something new – **Education Through Movement Camps**.

We hope to add gymnastics classes back into the schedule soon, starting with our oldest students and working towards preschool aged classes (in a limited capacity). Those of you who have continued to pay your monthly tuition – you have no idea how much it helped us weather this storm. We are forever grateful – THANK YOU! We will not bill you in the month of July and beyond.

Tumble By The Sea is currently taking an interest list in our new **Education Through Movement Camps**. Our hope is to provide the most collaborative experience for our students that is most in line with what a “normal” classroom would feel like both socially and academically.

The camp will have no more than 12 students per day/week total - that are working to complete the virtual coursework from their school. We plan to offer options for pods based on Grade Level, Day & Length. Our goal would be to provide thoughtful care, mentoring and educational support with the homeschooling process while incorporating lots of ways to get their wiggles out!

Because each school (and grade) has their own methodology and schedule for virtual instruction, we are considering **3rd Grade** students from **Robert Down Elementary School** and **Forest Grove Elementary School** only.

You can find more information on the Education Through Movement Camp offering here:
<https://tumblebythesea.com/camps>

Thank You!
Curt & Jennah Konrad (Owners)
