Why Take High School Honors Prep?

In the 40 months between the start of 9th grade and submitting college applications in 12th grade, **every day counts**.

Once the school year is in full swing, **every assignment, test, and project** directly impacts your **GPA**—and your GPA plays a major role in college admissions.

PIEA's High School Honors Prep helps students get ahead by teaching **over 65%** of the upcoming year's honors curriculum **before** the school year begins.

That means when school starts, you're not struggling to keep up with new concepts—you already know them.

Instead, you can focus on **acing your assessments** and working toward a **perfect GPA**
