

PSAT 9-10 Grade

The PSAT are used to identify **National Merit Scholars** and award merit scholarships. According to US news and World Report there are “approximately 7,600 Merit Scholarships are split across three categories. First is the National Merit \$2,500 Scholarship, with the winners decided by college admissions officers and high school counselors; as its name suggests, this award is a one-time payment of \$2,500. Next are corporate-sponsored merit and special scholarships, decided by National Merit Scholarship Corp. staff, with the amount and duration of the award varying by corporate sponsor and ranging **up to \$100,000 per year**. Finally, there are renewable college-sponsored merit scholarships, with winners decided by the individual colleges and amounts ranging from \$500 to \$2,000 a year.

It is amazing that more students don’t study for the PSAT. In order to prepare our students for the PSAT, PIEA will covers a host of different topics designed to maximize PSAT scores: reading, writing, grammar, critical math skills, test taking strategies while providing timed practiced tests.

Practice Test 模拟考试/Test Strategies 考试策略/English Reading, Writing, Grammar 英语阅读写作语法/, Critical Math Skills 数学,
