Participant Instructions

Festival Performance Venues

Flour Bluff High School
2505 Waldron Road
Corpus Christi, TX 78418

Driving Directions from Downtown

To Flour Bluff High School - Go east on South Padre Island Drive Expressway for several miles. You will cross a long causeway then continue approximately one more mile on South Padre Island Expressway. Turn right (south) on Waldron Road. The intersection has a small shopping center anchored by a large HEB grocery store. Follow Waldron Road about one mile until you come to the Flour Bluff school complex. Turn left into the parking lot near the center of the complex and drive to the back of the school. The band hall/auditorium is behind the other buildings (may be difficult to see from the road). Plenty of parking is available. [Map](#)

What to Bring

- Three original numbered scores for each musical selection
- Two seating charts for the monitor in the warmup room and stage
- Announcer's Script

Check In

Please check in at the Contest Office as soon as you arrive to turn in scores, seating charts, and announcer's form. The contest office is in the band hall complex.

Percussion Equipment

Percussion equipment on stage will be bass drum, bells, xylophone, vibes, marimba, chimes, and four tympani. There will be no sticks or mallets available. Snare drums, cymbals, or other small equipment are not provided. If you need a piano, we need your request one week in advance.

South Coast Music Festivals

Participant Instructions

Instrument Cases and Clothing

Please leave all instrument cases on your bus or truck. Also, please arrive dressed for your performance. The restroom area is small and is inadequate for changing clothes.

Performance Results

Scores and other information will be available for pick up in the contest office shortly after your performance. Comments from each judge will be sent directly to the director's email address.

Risers

The use of risers will not be allowed on stage. Due to the acoustics of the hall and the placement of judges, risers do not enhance the performance or recording. This has been a tremendous help in maintaining "on time" performances. We appreciate your cooperation and understanding.
