

THE VOICE OF MY DREAM THAT FEEDS MY SOUL NEVER GIVE UP

Oh I can't or I will not,
Is just our thought
When we find it hard, it depends on our situation.
But have a spirit and have a goal,
To bring in the confidence of your soul
I CAN, I WILL I MUST AND SHOULD
Whether I can't or whether I could
Keep on trying, keep on striving
Never lose hope, or you'll lose your scope
Because as a singer, I have learnt this lesson.
A reality show I took part,
But I didn't dedicate in all my soul and heart.
Day and night I had to give,
My leisure pursuits I had to leave
But all I got is to sing with the group
The whole song was to the leader of the troop
Only yells and no applause

I felt my time is going for a loss
My confidence went down, with my teacher's frown
I gave up my dreams and quit the show
But the group's performance wasn't low
They got what they needed,
I didn't get it how much ever I pleaded
For, they worked hard and lent their dedication,
And thus they got their satisfaction.
But I didn't try, I began to cry,
Yet I'll give another chance for my dreams to fly
A twin realization, that don't sing for appreciation.
One's yell cannot put you down,
And one incident cannot make your life an accident.
But keep trying till you get it
At the cost of your soul's benefit!!!!
