

INVRLFT

I NEVER LEFT

Give Your Loved Ones Peace Of Mind
With A Special Message.

Tim Sanborn, Founder

GIVE YOUR LOVED ONES PEACE OF MIND WITH A SPECIAL MESSAGE.

I am a father to a beautiful little girl that is the world to me. There comes a time that we must plan for certain things in our lives so that our loved ones are taken care of. Some things cannot be planned such as untimely deaths.

With, INVRLFT you can:

- create an account
- add users
- a beneficiary

Preselect special life events such as:

- birthdays
- favorite holidays

Pivotal life moments such as:

- weddings
- promotions

and kids of their own to ensure that on those special occasions your loved one(s) will receive messages on those set dates/times.

Tim Sanborn, Founder

Cost

The initial fee would be a monthly subscription with the option to purchase a “life” subscription.

Example:

- 1-2 Account Users is \$x/monthly plan
- 2-4 Account Users is \$x/monthly plan
- (1) One time fee of \$x/yearly plan

The Account User would then be able to access the content of the files left by the deceased at the time of death using the preset email/ app login.

APP Goals

- User Login
- Select profiles (up to X amount)
- Automatically assign an email address to each profile
- Assign special occasions for each user
- Assign beneficiary
- Deliver messages on predetermined days/times

User Interface

Pg 1- User login screen- enter personal information, select plan, set up subscription service. Ie. How many profiles (recipients).

Pg 2- Select recipient

Pg 2 cont- Multiple choice related questions to personalize recipient messages. (List of holidays and spot to enter birthday and other important date information for timed deliveries) where user can select recipients favorite holidays (times for messages to be sent) and other notable occasions the user wishes to have messages delivered on. Multiple choice to keep the interface simple and user friendly. With times and dates to be selected for future automatic delivery.

Pg 3- “folders” with “1st birthday, 2nd birthday, 3rd birthday etc.. “Favorite holidays preselected” and the other mentioned dates. Within this page the user can begin to write and upload documents (pictures, written messages and voice messages and placing them in the corresponding spots to be delivered at the selected times) Users will be able to add, remove, and edit documents until TOD.
