

WELCOME TO memème

Welcome to Mememe, the unique Ukrainian lingerie brand that's designed for brave women who value both comfort and beauty. As a partner, you're in the right place to discover our exclusive range of underwear that's made to highlight only the best qualities of women.

Our products use a special cutting and sewing technology that ensures a comfortable fit, flat seams, and soft edges, without elastic bands or labels. This means no marks on the skin or discomfort, giving your customers a seamless, comfortable experience.

memento

Our team of designers brings daring ideas and fantasies to life in different collections that reflect the unlimited emotions of women. Every new day brings a new mood, and with our wide range of imaginative designs, your customers can find a pair of panties to match.

Our panties are created for women who follow their natural instincts and take on new adventures fearlessly. With no limits on elastic band and breathable fabric, our underwear ensures comfort and freedom of movement. They stretch in all directions, ensuring your customers have the freedom to move in any situation.

Our fabric removes moisture, dries fast, doesn't absorb smells, and keeps the body thermoregulated, ensuring a safe and positive experience. The modern fabric we use is soft, delicate, and nice to touch, ensuring maximum comfort.

Our breathable fabric guarantees safety and positive sensations all day long, making our panties ideal for all types of customers.

At Mememe, we're committed to providing a high-quality product that retains its color and form, thanks to our technology of print application. As a distributor or buyer, you can be confident that our panties will maintain their brightness and shape, providing your customers with a lasting experience.

Join our community of fearless, confident women, and partner with us to offer your customers the comfort and beauty of Mememe lingerie. We are committed to providing excellent customer service and look forward to working with you to bring our unique brand to a wider audience.
