

The INSURIFYALL - NEW CLIENT KIT

Welcome to the Family!

Here's How We Protect You.

"Everything you need to know about your partnership with InsurifyAll Agency".

1. Your Digital Toolkit

- **ID Cards & Policies:** You can access your digital ID cards and policy documents 24/7 through our **Customer Center**.
- **Carrier Apps:** We recommend downloading the mobile app for your specific carrier (e.g., Progressive, Travelers) for instant roadside assistance and bill pay.

2. The "InsurifyAll" Annual Review

- Insurance isn't "set it and forget it." Life changes. Every year, 60 days before your renewal, our team reviews your account. If your current carrier has a major rate increase, we proactively shop the market to find you a better option—often before you even notice the change.

3. When to Call Us

- **Big Life Changes:** Getting married? Buying a "summer toy"? Starting a side hustle? These changes affect your risk profile. Let us know so we can adjust your shield.
- **National Reach:** Moving out of New Jersey? We have service in all 50 states—we can take your protection with you.

4. The Referral Program

- The highest compliment we can receive is a referral.

If you love our service, tell a friend. We'll make sure they get the same expert NJ care you do.
