

# Our Promise with your Money

The Polegate Scarecrows Community Fund was founded in November 2019 after the running of two successful Scarecrow Festivals!

*The Polegate Scarecrows Community Fund is set up to:*

- I. Empower community spirit and getting together
- II. Enable grants to be given and beneficiaries to be supported
- III. Facilitate the chance for individuals to engage and support others

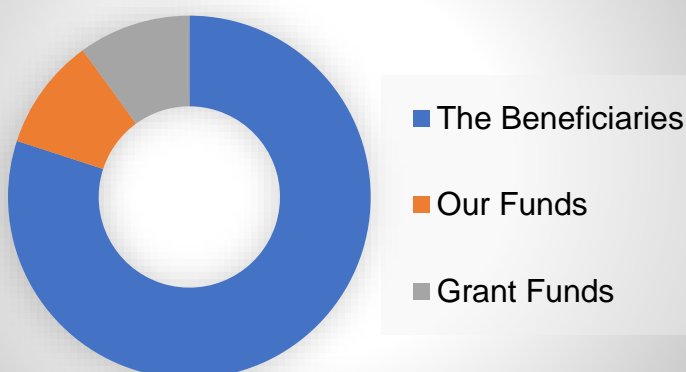

*What happens to your money when we receive it?*

80% goes straight to the beneficiaries that we are supporting in that specific event or collection, if we receive donations or we have not chosen a beneficiary then the 80% is used in our funds to keep us going.

10% helps us cover any expenditure that we occur so that we can continue supporting community groups or projects along with local and national charities. It is used to maintain our event calendar.

10% is set aside so that if we receive an application for a grant we have earmarked reserves to cover any donations or grants we offer.

## What happens with our Income?
