

Chief Clinical Officer

This is a fantastic opportunity to join a highly respected agency that values its employees just as deeply as it values those they serve.

Offering a competitive benefits package, a flexible blend of remote and in-office work, and a nurturing work environment; this agency fosters learning, growth, and personal wellness for their staff while meeting the evolving needs of children and their families.

The Chief Clinical Officer (CCO), an essential member of the leadership team. This position plays a key role in the agency's mission to positively impact the lives of children and families and is responsible for the ongoing operation of clinical programs including but not limited to Residential and Community Programs Services. The CCO's leadership is instrumental in driving innovation, collaboration, and quality care.

The CCO serves in a supervisory role that oversees and provides guidance and direction to the Directors of Residential Treatment, Community Programs and Performance Improvement and the Nursing Team, while also collaborating closely with the Medical Director and Advanced Nurse Practitioner.

This agency practices the Sanctuary Model which is a non-hierarchical, highly participatory, trauma-informed and evidence-supported whole culture approach, which helps the organization function in a safe, democratic and socially responsible manner and thereby provide effective treatment for clients and the community.

Required education, background, and skills include:

- Knowledge in working with children and families who have experienced significant trauma in their lives. This would include children and families with Severe Emotional Disorders.
- Master's degree in mental health or related field.
 - A preference will be given to those with professional license in social work, behavioral health or similar clinical licensure.
- A minimum of five (5) years experience in a clinical setting serving persons in relevant target population(s).
- At least four (4) years of relevant supervisory/program management
- Preference will be given to an individual who worked within a Joint Commission accredited organization.
- Problem solving and the ability to work on multiple concurrent tasks, plan and develop programs, and balance vision for the big picture while understanding daily operational intricacies.
- Must be able to plan and develop programs to respond to the need of the populations served.

Mission

Based on the spirit of Christ's love, the agency provides quality care and treatment for children and families who need special assistance to develop self-esteem and the ability to live in harmony with others.

Values

Students – We provide therapeutically sound, cost-effective services with treatment decisions driven by the needs of students and families.

Positivity – We provide a safe, nurturing environment that promotes growth for students, families and staff.

Integrity – Our daily decisions are made with honesty, compassion and concern for students, families and each other.

Respect – We recognize individual efforts and contributions to our success. We ensure students, families and staff are treated with dignity and respect.

Innovation – We provide services through creative, solution-focused problem solving. Personal growth is a lifelong process fostering innovation and creativity.

Teamwork – Communication and mutual accountability are hallmarks of our teamwork. We rely upon each other and the community to be successful.
