

Bedford Playhouse

I am going to see a movie at the Bedford playhouse today with
[insert name]

I will stand patiently once I walk in the door to show my ticket or barcode and will be directed where to go. I may be directed to go downstairs where some theaters are located.

To get downstairs, I can take the stairs or the elevator.

Before the movie starts is a good time to go to the bathroom. If I have to use the bathroom during the movie, I will ask [insert name].

There is also a bathroom upstairs.

The next person I may meet is at the concession counter. I can browse at what I want, such as popcorn or candy while patiently waiting in line at the concession counter. If waiting is too hard, I can sit down and come back later.

When everyone is ready, we will go into the movie theater and find our seats. In the theater, before the movie begins, it might get dark inside the theater and sound could be loud.

There may be many people in the theater so try to use an indoor voice and if I need to get up, I will let [insert name] know. When the movie is over we will leave the theater together.

Sensory- Friendly Screenings

Bedford playhouse also has sensory friendly movies every month. At these movies it is not as loud or dark and it is okay to sing along, move around or talk if I need to.
