

Visiting Old New House, Katonah Rug Store

When you first walk in, you'll see a very open large room and space with a lot of color, texture and especially: high stacks of rugs.

You will see stacks of rugs like this on pallets that roll but do have locks on them to keep them in place. It can be best to ask one of our employees for help with these as some can be very large and heavy and we may be able to help identify what rugs are there before you even go through them.

We have 4 employees so you would be working with one or more of them when you ask for help or if you arrive for an appointment. From left to right of the picture: Lillian, Dave, Melissa, and AJ. Any one of us will be happy to help!

The best way to see the rugs is certainly on the floor and we can help to lay them out for you. But we also operate our rug business fully online so if you want us to browse with you on the computer or give you an online list of options based on what you are looking for, we are flexible and can do different things. Our website is oldnewhouse.com and many customers look at the website first then send us a list of what they would like to see. It makes for an easier

There will be rugs and other items all around, sometimes on shelves, cabinets, tables, racks or the rolling pallets. We have art, candles, pillows, ottomans, textiles, wooden bowls and objects, maps, to name some other items you may see and have access to when browsing.

If you want to visit our rug store, it is best to make an appointment in advance via e-mail (md@oldnewhouse.com) and when you schedule it, mention any accommodations we can provide: music lowered or turned off, lights dimmed, type of seating near the rugs you'd like to view, tear sheets printed in case you need to be quick, all rugs laid out for swift viewing OR if you'd like to see one at a time, fidgets or any kind of activity to be set up for a family member, or something

You may see our barn behind our shop with our sign on the dark wood. This is where we photograph all of the rugs to post them online, as well as store many of them. At this time, the barn is not open to the public as it is our sort of online work building.

You may see small rugs around everywhere in the shop and you are welcome to unfold them and look at them. These are the more manageable size rugs to peruse.

The address of our shop is 33 Katonah Avenue, Katonah NY 10536.

Our website to view rugs and items in advance as well as to read more about us is oldnewhouse.com. Our shop phone number is 914-401-9099, and our email address is md@oldnewhouse.com. We look forward to seeing you! Email or call with any questions or requests.
