

## Prayer to Remove Astral Entities

Astral travel is an activity performed by persons with occult training to leave their physical body and travel in the spiritual realm. Sometimes the entire soul travels, but in most cases, a dissociated part of the soul leaves the body, but it is still connected to the body by way of a silver cord. Ecclesiastes 12:6 says, “Earnestly remember your Creator before the silver cord [of life] is broken...”

Due to the fact that astrals are human, they have human will and sometimes refuse to respond to the authority of Jesus Christ. However, a person can take full authority over their environment and themselves. Sometimes astrals reside within a person. If this is the case, all free-will bonds and spiritual legal ground must be broken before they will leave.

### **Steps to remove an astral in your environment:**

- 1) Dedicate your home and bedroom to Jesus Christ and give Him full authority over the environment.
- 2) Close any spiritual portal in the room that astrals may use as an access point. (For example, bathroom mirrors.) Portals are closed by repenting for the sin used to open them. Plead the Blood of Jesus over any opening and close it.
- 3) Declare emphatically out loud, “I forbid astral projected entities to enter my home, workspace or environment. If you do, you are trespassing. Trespassers are in danger of having their silver cord cut immediately.”
- 4) Ask the Lord to station angelic guards around your home with the authority to cut silver cords if astrals trespass.

### **Steps to remove an astral that is inside a person:**

1. Go through the “Spiritual Legal Ground List” with the name of the astral(s) or group (such as a coven or counsel).
2. Be certain to break all contracts and revoke permissions granted to allow astral access.
3. Ask the Holy Spirit if there is any other right the astral has to access the ministry recipient. When it is determined that the legal rights of access have been broken, command the astral to leave.
4. If it refuses to leave, give it to the count of 3 and declare “I will ask Jesus Christ to cut your silver cord if you do not evacuate immediately.”
5. If it doesn’t leave, ask Jesus to cut the silver cord.
6. If Jesus doesn’t cut the cord, there are remaining legal rights
7. Once it leaves, ask Jesus to seal the entry points.
8. Instruct internal alters not to let the astral back in.
