Life Force Manipulation

Part of Lucifer's insidious, behind-the-scenes agenda seems to be to modify the human race in ways that serve his purposes and extend his control over them. We know that the Nazis were deeply devoted to eugenics and the creation of a superior race of humans. This has apparently advanced far beyond the post-World War II experiments in Lucifer's secret conclaves.

In addition to using artificial intelligence, Lucifer seems devoted to making manipulated, pseudo-life forms that will further serve his purposes in a variety of ways. He, or anyone other than God Himself, lacks the ability to create life. Therefore, he has to use life force that God has already created in these projects.

This life force seems to come from two sources. One source is from living human and other organisms. His right to steal human life force seems to be empowered by generational transactions, or barter, which are possibly referred to in Revelation 18:13. Here the nations of the world are said to be engaged in trading the "bodies and souls of men" (literal Greek translation)¹ with the Great Harlot, or the Whore of Babylon, who represents Satan's Counterfeit Religious System.

Some of the life force that he steals is captured through the sacrifice of living beings. The desire seems to be to get life force in its most powerful state, which means obtaining it as close to its creation as possible. This explains the prolific sacrifice of human and animal embryos.

Other means of collecting it from living beings also seem possible but are not real clear to me at this time, though I am beginning to suspect that Rephaim spirits may be able to act as a form of human leech to suck life force out of dedicated individuals. I also have hints that manipulated molecular structures (described below) may be designed to serve as "extractors" or "separators."

The other source relates the primordial source of life that God seems to have created in the primordial earth/Deep. This is what allowed the earth and the seas to "bring forth" living creatures and what vegetation draws upon to grow and to sustain its life (see Gen. 1:11, 20, 24; 2:5). In the underworld Lucifer has access to this primordial source of life.

One kind of manipulated life form that Lucifer's Kingdom is seemingly engaged in producing are unusual hybrid beings in which two forms of life are combined together. This experimentation perhaps began at a very high level when certain of the angelic sons of God procreated with human women, as recorded in Genesis 6:1-4. Since verse four indicates that the resulting Nephilim were also in the land after the Flood, this tremendously ungodly activity seems to have continued even after God's severe punishment of the offending angels in casting them down to Tartarus (2 Peter 2:4-5; Jude 6).

¹ Many take this verse to be referring to human slavery. However, the entire context is using metaphorical language to represent spiritual realities.

Lucifer's agenda still seems to be involved in the deliberate creation of Nephilim and Rephaim, as their spirits after death are useful in his realm. They seem to be involved in producing other types of hybrids as well. Another example of these in Scripture would be the satyrs, or goat demons, mentioned in 2 Chronicles 11:15 and Isaiah 13:21 and 34:14.

While we are aware of the experimentation that is going on in the above ground scientific community both with the cloning of life and with artificial intelligence, God has been progressively revealing to me this kind of thing going on at a deeper, clandestine level along with the use of stolen life force in creating animated, *non-physical* entities. This is much more insidious and can be used very cleverly to control people in ways that are not easily detected and are resistant to spiritual warfare. I call these "ungodly" entities rather than "evil" entities.

The life force taken seems to contain a sort of DNA for the soul. Leviticus 17:11 states that the life, or literally the "soul," is in the blood. Interestingly, people whom God has cleansed of implanted, foreign or replicated life force have often reported feeling something occurring in the region of their hearts during the process.

The stolen life force can seemingly be very quickly replicated and/or combined with other life force to create a hybrid life form, or "soul," that is completely immaterial. If either of these are then re-inserted back into the person, they are able to develop and to function as a pseudo-identity in the person. Experience is revealing that these replicates or hybrids do not have the same access to all of the mental functions of the brain, such as memory, that the original person and his dissociated parts do. Once tuned to the possibility of them being present, an astute person will be able to pick up their qualitative differences from the true identities of the person. They are generally much more shallow in their thinking, emotions, and general presentation.

As these replicates or hybrids are made, they can potentially have spiritual entities, devices, and/or programs attached to them according to the will of the designer, which can have a significant effect on the person's life. They are not autonomous and seem to need to be connected to handlers or computers, which can control or manipulate them through "wireless" means, possibly utilizing spiritual power entities. Many, if not most, of these are connected ultimately to the massive Beast Computer overseeing the entire New World Order agenda.

In addition to creating demonized and programmed pseudo-identities to work within the person's identity system, they have also created numerous types of entities that I call "manipulated life forms" that do not present themselves as identities of the person but serve more as non-material, animated and intelligent robots that service the various other kinds of structures and pseudo-identities in the person. All of these will be described in this paper.

I. The Role of the Fallen Sons of God

A. Their nature

1. They are God's highest creations in the spiritual realm.
2. They were created before God laid the foundations of the earth in Genesis 1:1, making them among the first of God's creation (Job 38:4, 7).
3. They closely resemble features of God Himself.

The title "son of God" denotes one who has a very special relationship with God. In Scripture the word "son" either denotes being a descendant of, or having a similarity in character or nature to, the one of whom he is described to be a "son."

The sons of God are similar to God in the following ways:

- a. They are both spirit beings.
- b. The sons of God can manifest in physical form just as the Angel of the Lord did in the Old Testament.
- c. They have similar but lesser powers.
- d. They have a free will.

Part of being made in the image of God is having a free will.

B. Their role

They had/have the closest access to God.

1. They form the members of God's divine council and thus serve as administrators under God.
2. They form the "hosts of heaven."
 - a. They stand on the right and left of the throne of God (1 Kings 22:19; 2 Chron. 18:18).
 - b. They seem also to serve as a heavenly army (Josh. 5:14-15; Psalm 103:21; Dan. 8:10-12).

C. Their designation as stars.²

1. Isaiah 14:13 seems to quote Lucifer as saying, "You said in your heart, "I will ascend to heaven; I will raise my throne above the stars of God..."
2. Revelation 12:3-4 speaks of the great red dragon sweeping a third of the stars out of heaven with his tail and flinging them to earth.
3. Deuteronomy 4:19 identifies the host of heaven with the sun, moon, and stars and seems to imply that they have been allotted to all the nations of the earth.

This could refer to the physical luminaries that all the nations observe or to the divine council appointed over the nations.

Note on the verse in NET Bible: "The OT views the heavenly host as God's council, which surrounds his royal throne ready to do his bidding (see 1 Kgs 22:19). God has given this group, sometimes called the "sons of God" (cf. Job 1:6; 38:7; Ps 89:6), jurisdiction over the nations. See Deut 32:8 (LXX) LXX Septuagint (the Greek Old Testament, translated between 250-100 BC)."³

4. The sun, moon, and stars quickly became objects of worship.

² The identification of personified stars with angels of the heavenly hosts is well accepted within a totally monotheistic religious system: the stars stand in God's presence, to the right and the left of His throne (1 Kgs 22:19; 2 Chr 18:18); they serve Him (Ps 103:21; Neh 9:6); in Sir 43:8, 10 the identification of stars with soldiers of an army is particularly evident. See also Rev 1:20. At the head of the heavenly hosts stands a →'Prince of the army' (Josh 5:14-15; Dan 8:11), probably the highest star and the farthest from the earth, even if the actual leader is God, to whom the starry army belongs. From this conception derives the syntagm 'LORD/God of hosts' (*Yhwh/ēlōhē šēbā'ōt*) occurring in numerous biblical passages (→Yahweh Zebaoth). (Toorn, K. v. d., Becking, B., & Horst, P. W. v. d. (1999). *Dictionary of deities and demons in the Bible DDD* (2nd extensively rev. ed.) (813). Leiden; Boston; Grand Rapids, Mich.: Brill; Eerdmans.)

Were the physical bodies being worshipped or the sons of God they represented, either angelic or fallen?

5. The sun, moon, and stars play a significant role in end-time events.

Are they the physical bodies or the sons of God?

- a. The sun, moon, and stars will be darkened (Isaiah 13:10; Joel 3:15; Matthew 24:29; Mark 13:24-35).
- b. When the sixth seal is opened, the sun will be become black and the moon will become red like blood and the stars will fall to the earth (Rev. 6:12-13; Joel 2:31).
- c. When the third trumpet sounds, a great star named Wormwood falls to the earth and makes a third of all the waters on earth bitter so that anyone who drinks the bitter water would die (Rev. 8:10-11).

It is possible that this is a large, divinely directed meteor, but it could also be a divinely commissioned angel.

- d. When the fourth trumpet sounds, a third of the sun, a third of the moon, and a third of the stars will be smitten so that they will not give their light for a third of the day and night (Rev. 8:12).
- e. When the fifth trumpet sounds, a star which had fallen from heaven was given the key to the bottomless pit, or the Abyss. He opened the pit and released hordes of locust-like creatures (probably demons) to torment those who did not have the seal of God on their foreheads (Rev. 9:1-2).

In this case the star definitely seems to be an intelligent being and was perhaps the angel of the abyss mentioned at the end of the chapter.

- f. When the fourth bowl is poured out, the sun will be given power to scorch the inhabitants of the earth (Rev. 16:8).

6. They are quite clearly identified with the morning stars.

- a. In Job 38:4, 7, God asked Job, “Where were you when I laid the foundation of the earth? . . . When the morning stars sang together and all the sons of God shouted together?”
 - 1) This puts the sons of God in parallel Hebrew construction with the “morning stars.”
 - 2) It also makes them present before the stars of the physical realm were created in Genesis 1:14 on the fourth day.
- b. In Isaiah 14:12 (NASB) Lucifer is referred to as the “shining one” or the “star of the morning” or the “morning star” and declared that he was going to raise his throne above the “stars of God.”

D. Their power

Understanding the power that the sons of God carry is important, as this power underlies the power of Lucifer's Kingdom. What is able to be done in the evil realm and in the lives of survivors lies within the scope of the supernatural powers that the sons of God, and thus the fallen sons of God, carry.

1. The very essence of their being seems to be a power that is similar to God's but diminished in strength.⁴
 - a. Their power to do supernatural things.
 - 1) Just as the Holy Spirit is able to operate His power through man, the fallen sons of God are able to do this too.
 - a) Pharaoh's magicians were able to mimic the plagues that God brought against the Egyptians to a certain point (Ex. 7:1—8:15).
 - b) False christs and false prophets are able to perform great signs and wonders to lead the elect astray (Mt. 24:24).

These deceived people are the ones whom Jesus will proclaim that He never knew (Mat. 7:22-23).
 - c) Psychics and clairvoyants can gain supernatural knowledge through this power.
 - 2) The Antichrist and the False Prophet will be able to perform miraculous wonders (2 Thessalonians 2:9; Rev. 13:14)
 - 3) Their power and supernatural abilities never reaches the level of God's power. In any showdown they could not equal the miraculous works of God.
 - a) Mimicking the plagues of Egypt (Ex. 8:18-19)
 - b) Bringing fire down from heaven (1 Kings 18:20-40)
 - c) Giving wisdom, understanding, and interpretation of dreams to King Nebuchadnezzar (Dan. 1:19-20; Dan. 2:27-18)
 - b. Their limited power of genesis

Job 38:7 equates the sons of God with morning stars. Job 38:4 indicates that they were present when God created the earth. The physical stars used as luminaries in the sky and to provide signs and to mark seasons, etc. were not created until the fourth day of creation.

One day I asked God what was the difference between the morning stars and the stars created on the fourth day. He said, "The morning stars have the power of genesis." Taken aback by this answer because John 1:3 clearly states that nothing was ever created except by the only begotten Son of God, I dared to say, "But the sons of God don't have the power to create."

He then reminded me of Colossians 1:17 that says that Christ not only created all things but by His power all things hold together. He impressed upon me that the angelic sons of God do not have sufficient power to create out of nothing, but they

⁴ Through discernment I see the essence of God's power/glory as being gold in color. Through discernment I have heard God say, "The sons of God *are* gold power. They *carry* black and white power."

have enough power to put together molecules that have already been created by God and hold them together in the structures that they “create.”

Their pseudo-creations are what I call “manipulated molecular structures,” and they play an important role in the control dynamics that Lucifer’s Kingdom is able to hold over ritual abuse survivors.

2. They carry black and white power.
 - a. The black and white power seems to be somehow associated with the knowledge of good and evil.
 - 1) They are perhaps the power to do good and evil.

They are probably the powers used in White Magic and Black Magic.
 - 2) They may be related to the good and evil that is related to light and darkness in Scripture.
 - a) “God is light and in Him is no darkness at all” (1 John 1:5; KJV).
 - b) Jesus said, “I am the Light of the World” (John 8:12).
 - c) Men loved darkness because their deeds were evil (John 3:19).
 - d) The first thing that God did in creating the habitable earth was to create light and to separate it from the darkness (Gen. 1:2-5).

Before this the primordial earth was in complete darkness and chaos.
 - b. These two powers are neutral in their effect as long as they are balanced with each other.
 - 1) When God created the habitable earth, He orchestrated the balance of light and darkness, day and night in it.
 - 2) In Sheol, Lucifer has seemed to have been able to separate the black and white powers so that he can use the unbalanced black power for purposes of evil.
 - c. These powers seem to be the same as the Chinese yin and yang.
 - d. The Freemasons interestingly tile their floors in black and white.

E. Their life force

Understanding the nature of the life force of the sons of God is also important in understanding what was introduced into the human race when the sons of God procreated with human women and why the life force of the contaminated human lines is so valuable in Lucifer’s Kingdom.

1. It is a foreign life force that God did not intend to be part of mankind.
2. It is everlasting life force.
 - a. The angelic sons of God were created by God to live forever. The fallen sons of God continue to carry that.
 - b. This has implications for the Nephilim and Rephaim, who are offspring of the sons of God.

F. Lucifer as a son of God

Because the name “Lucifer” is only used once in the Bible (Isa. 14:12), knowing a lot about him with certainty is difficult. He is assumed to be a son of God.

1. Lucifer seems to have been the highest ranked angelic son of God.
 - a. He was called a “star of the morning” in Isaiah 14:12.
 - b. He was the anointed cherub on the holy mountains of God (Ezek. 28:12-14).

This would seem to imply that the cherubim are also sons of God.
 - c. No other angelic being was described in the manner in which he was described.
2. Lucifer raised himself up in pride to challenge God with the desire to become like the Most High. (Isa. 14:13-14).
3. As punishment God cast Lucifer down to Sheol (Isa. 14:12-15).
 - a. After this Lucifer is never referred to by that name again (Isa. 14:15).
 - b. From this base he has seemingly built his own kingdom.
4. Satan has been assumed to be Lucifer, but that is never clearly established in Scripture. He could be Lucifer’s representative in the areas from which Lucifer has been banned.
 - a. Satan is known as “the adversary” and the “serpent” in both the Old Testament and the New Testament (2 Cor. 11:3; 1 Pet. 5:8; Rev. 12:9, 14-15; 20:2).
 - b. Revelation 20:2 and 9 equate Satan with the Dragon, the devil, the serpent, and the deceiver.
 - 1) The Dragon is part of the ungodly trinity of the Dragon, the Beast (Antichrist), and the False Prophet in Revelation.
 - 2) These entities seem to be primordial gods rather than sons of God.

G. The creation of the Nephilim

1. Other sons of God sinned by leaving their assigned heavenly abode, taking on human form, and marrying human women (Gen. 6:1-4; Jude 6).
 - a. This entailed their abandoning their appointed place of residence, transgressing the line of demarcation that God set between the heavenly realm and the earthly realm.
 - b. It entailed their mixing heavenly life force with human life force, transgressing the line of demarcation God set for each species of His creation to propagate according to its kind (Gen. 1).
 - c. The offspring of these marriages were the Nephilim (Gen. 6:4).

Rephaim were seemingly Nephilim created by sons of God procreating with non-Jewish women.
2. God cast the transgressing sons of God into Tartarus/hell, a place of utter darkness (2 Peter 2:4; Jude 6).
3. God seemingly sent the Flood to purify the human race of this contamination (Gen. 6:5-7).
4. Nevertheless, it seems that further sons of God sinned in the same way and produced Nephilim after the flood (Gen. 6:4).

H. The current role of the fallen sons of God⁵

1. They function in the highest levels of Lucifer's kingdom.
2. They make up various counterfeit trinities within his kingdom.
3. They oversee the major projects in Lucifer's agenda.

II. The Role of the Underworld

The Bible speaks of things "above the earth," "on the earth," and "beneath the earth" (Deut. 5:8; Rev. 5:3). I believe that God has indicated to me that Satan's activities above the earth are focused on affecting the political affairs of the earth while his activities beneath the earth are focused on the creation and control of manipulated life forms. This is quite apropos as the underworld is where God situated the primordial source of life from which He created the rest of the earth and its living inhabitants (see Gen. 1:11, 20, 24).

The underworld serves as:

A. The place of the disembodied spirits of the unredeemed dead (Isa. 14:9)

Note that they perhaps have some kind of consciousness and ability to act in this place, though it is also a place of great discomfort (Mark 9:48; Luke 16:21-23).

B. A place of judgment and destruction for both humans and rebellious sons of God (Job 26:6; Isa. 14:14-15; 2 Peter 2:4; Jude 6; Rev. 20:13)

1. Lucifer was cast down to Sheol as judgment for his heavenly rebellion (Isa. 14:14-15).
2. The sons of God who sinned in Genesis 6 were cast down to Tartarus, where they are awaiting judgment (2 Peter 2:4; Jude 6).
3. The unredeemed dead are there awaiting final judgment (Rev. 20:14).

C. A place from which Lucifer directs his agenda to imitate the creative abilities of God

1. Desecrating God's pure creation of man and all life forms, which were clearly designed to propagate "after their own kind" (Gen. 1:11-25)
2. Creating ungodly hybrids of mixed life forms
3. Creating manipulated life forms using stolen life force
4. Endeavoring to create super life forms that will be able to inhabit the planets⁶ and to survive the destruction of the earth
5. Creating structures and creatures that can be used to control mankind in covert ways
6. Possibly even creating some of the primordial, amphibian-like sea creatures serving his kingdom, such as Leviathan, the Serpent, and the Dragon.

⁵ This is taken from discernment in working with ritual abuse survivors and doing spiritual warfare for their freedom.

⁶ Some believe that space aliens represent his successes in this area, though I am seeing a different origin for these alien creatures, which will be described below.

III. Types of Manipulated Life Forms and Structures

The following represent the types of non-material, manipulated life forms and structures that I have recognized to this point and the designations I am tentatively using for them. The ingenuity of these non-material, manipulated entities is that they are not easily detected and they are unaffected by spiritual warfare. I do not believe that they can operate autonomously, however, but must be managed by a handler or computer. Therefore, asking God to disconnect them from their computers and handlers will temporarily inactivate them.

A. Ones that are encountered internally in survivors

1. Pseudo-identities

These are identities that are inserted into people with DID and are designed to pose as true identities of the person. They may be able to be loaded up with spiritual entities, programs, powers, and/or power receptors (like a Mr. Potato Head). Spiritual entities connected to them seem non-responsive to normal spiritual warfare conducted with the person since they aren't really attached to the person. They are attached to something artificial in the person. They also do not require the person to have made personal free will bonds with them in order to be present.

a. Replicates

A replicate is an exact duplicate or carbon copy of the life force that is taken, which seemingly contains a "DNA of the soul."

- 1) It is the soul equivalent to a physical clone.
 - a) Therefore, it has an independent mind, will, and emotions.
 - b) Nevertheless, it seems to be incapable of autonomous life and must be connected to a computer and possibly a power source in order to operate.
 - c) Asking God to disconnect them from their computers, handlers, and power sources can temporarily inactivate them.

The renunciation given below can permanently remove them.

- 2) When re-inserted into the person, it is capable of serving as a pseudo-identity, often appearing as a duplicate of the Primary Presenter.
 - a) The replicate has a free will seemingly equal to the Primary Presenter and can exert it against the true Primary Presenter in order to take over in its place.

Since it is an exact replicate of the person's soul, it will be very difficult to recognize the difference between the two. One must be aware of this possibility and astutely explore for the following differences:

- (1) The replicate will not have access to the person's autobiographical memory.
 - (2) The replicate will have a more shallow feeling of substance and emotions.
 - (3) The replicate will have different perspectives.
- b) This may account for what some survivors have described as living in a reflection of themselves.

b. Hybrids

A non-material hybrid represents a composite of life force from two different entities. Hybrids serving as pseudo-identities will not mimic the Primary Presenter as clearly as Replicates will. Hybrids can serve as pseudo-identities or in other functions.

- 1) The two entities combined to make a hybrid may be of the same species or different ones.⁷
 - a) Part of two different humans
 - b) Part human and part spiritual being
This might include some of what Tom Hawkins designated as “synthetics.”
 - c) Part human and part animal
 - d) Part human and part plant
- 2) These also need to be connected to a computer and possible power source in order to operate.
 - a) Asking God to disconnect them from their computers, handlers, and power sources can temporarily inactivate them.
 - b) The renunciation given below can permanently remove them.

c. Humanoids

These appear to be completely artificial identities, made by molecular manipulation (explained below), which have no life force in them but are operated through computers or handlers as complete puppets in the person, posing as identities.

- 1) Asking God to disconnect them from their computers, handlers, and power sources can temporarily inactivate them.
- 2) The renunciation given below can permanently remove them.

2. Manipulated Molecular Structures

a. Their nature

- 1) It seems that the experimenters working in this area with evil and ungodly beings are able to manipulate molecules to create structures to serve their purposes.

These are seemingly held together by heavenly power possessed by the fallen sons of God, which is able to imitate to some extent the power of Christ’s to “hold all things together” that is spoken of in Colossians 1:17. (See above explanation under II. Sons of God—B. Their power.)

⁷ How many of these have gotten beyond experimental stage is unclear.

- 2) These structures seem to have the ability to crumble and to reassemble (self-replicate).
 - a) The renunciation given below is designed to terminate this.
 - b) The removal of these structures often occurs as a slow dissolving over a short amount of time.
 - 3) Like the sons of God, these structures, or some of them, seem to have the ability to materialize or dematerialize.
 - 4) They have to be operated through computers and handlers and possibly a power source.
 - a) Asking God to disconnect them from their computers, handlers, and power sources can temporarily inactivate them.
 - b) The renunciation given below can permanently remove them.
- b. Their types
- 1) Inserted mechanisms designed to manipulate the person

These are essentially non-physical implants that can be used in a multitude of ways.

 - a) They may be able to be loaded up with spiritual entities, programs, powers, and/or power receptors like the pseudo-identities, but I'm not sure if all of those things are possible without the life force being involved.
 - (1) When combined with power entities, these can function as various types of electronic devices, such as homing devices, GPS tags, sonar receptors, and other types of control mechanisms.
 - (2) If spiritual entities can be connected to them, they would be non-responsive to normal spiritual warfare conducted with the person since they aren't really attached to the person. They are attached to something artificial in the person.
 - b) They seem to have to be operated by an external handler or computer, much like a child's wireless, remote-controlled, toy airplane or dump truck.

Sometimes they seem to be operated by an internal replicate or hybrid, which is, in turn, manipulated by an outside person or computer.
 - c) The ingenuity of these structures and what is connected to them is that:
 - (1) They are difficult to discern.
 - (2) They are unaffected by spiritual warfare.
 - (3) They do not require the person to have made personal free will bonds with the attached spiritual entities.
 - (4) I believe they can carry programming-type directives that can operate completely separate from any dynamics in the person.
 - 2) Connectors
 - a) Structures designed to support the anchoring of other inserted mechanisms
 - b) Structures serving to enable connections to ungodly powers and power grids.

3) Bodies of other types of pseudo-creatures

These include the humanoids mentioned above and the other examples given below.

B. Those existing external to man

1. Aliens

God has finally convinced me that aliens are real too, but they are not the evidence of life existing on other planets. They are, in fact, another part of the manipulated life form projects originating from the underworld.

- a. Alien creatures seem to have manipulated molecular bodies specifically designed to handle life in outer space (just as we have built space suits that can handle being in outer space).
- b. These are given life by being joined to stolen human life force.
 - 1) The life force seems to have to come from people who are carrying the black and white powers that originated with the fallen sons of God.

This would require them to come from:

 - a) A Nephilim or Rephaim-contaminated bloodline
 - b) The Merovingian bloodline.
 - 2) Perhaps these particular powers within the life force enable survival outside the earthly atmosphere.
- c. A template is seemingly formed of the first stolen life force combined with a manipulated molecular body.
- d. This template can then seemingly be used to build any number of alien replicates.
 - 1) All of the aliens seem to have to retain some kind of connection to their host person or source of life force.
 - 2) The originally formed alien seems to travel between the host person and the group of alien replicates in outer space.
 - a) It may return to the person's body to draw more life force.
 - b) It may possibly drop off toxins or wastes.
- e. The alien replicates seemingly serve as a hidden army of Lucifer's to be used in the end times.
- f. Dismantling the original alien template and returning the original stolen life force to the person is important in the healing process.
- g. Aliens seem to travel on the geodesic network of light.⁸
 - 1) They can seemingly be downloaded into people.

Remember that with manipulated molecular bodies, they can materialize and dematerialize.
 - 2) They can seemingly emit power and various signals through the person's eye gate.

⁸ See "Lucifer's Kingdom" or "Disconnecting from Ungodly Powers" by Diane Hawkins.

h. The planets and cosmic beings connected to the planets also seem to be involved with this project somehow.

2. Minions

Minions are like humanoids in that they have no life force in them. They are completely artificial identities, that is, they are made by molecular manipulation and guided by computers or handlers. They are like non-material robots that do the bidding of their handlers, but instead of posing as human identities within a person, they serve as guided workmen to do repair work where needed on the structures inserted in a person for purposes of control and manipulation.

3. Robotic creatures

A robot is a programmed machine of any size or shape capable of carrying out a series of actions automatically. It may be guided by either internal or external controlling devices. Many types exist in many sizes for many purposes.

The robots we are considering here are of manipulated molecular design and therefore can be non-material and invisible. They can be designed to operate within a person or without.

a. Insect robots

These are robots designed to look like insects.

The ones I have seen seem to be able to transmute from one kind of insect to another, most likely through some kind of spiritual power.

b. Nanobots (nanoids)

These are extremely tiny robots built at a molecular level to perform tasks within the human body.

c. Cyborgs (short for “cybernetic organism”)

These are creatures that have both organic and mechanical and electronic parts. The organic part is able to provide feedback that is needed for the operation of the mechanical and electronic parts.

Cybernetic refers to the scientific study of control and communication in the animal and machine.⁹

4. Mechanical creatures

There seems to be some kind of manipulated molecular creature that is not robotic but more mechanical in nature. I do not know much about these.

IV. Gaining Freedom from Manipulated Life Forms and Structures

Note: Minions are not included below but will be addressed in the “Disconnecting from Ungodly Powers” paper.

A. Preparation

1. Do the binding and separating prayer.

Most High God, I ask You, in the name of the Lord Jesus Christ, to bind and to separate from every part of _____’s humanity and generational line everything from the realm of darkness from the lowest demonic level to the highest cosmic level; including connection to all fallen sons of God; all powers, forces, energies, lights, life forces, and mists that You do not intend to be connected to mankind; all Nephilim, Rephaim, animal, hybrid, elemental, and familial spirits. I ask that You send the Angel of the Lord with the Sword of the Spirit, if necessary, to sever between the dividing asunder of that which is _____’s created-by-You humanity and that which is not.¹⁰ I ask that You do this for everyone in this room (name them individually, if possible). I ask that You forbid all separated beings to hear, see, speak, or act without Your permission and that You call those connected to _____ into Your heavenly court as defendants.

I ask that, if there are any manipulated life forms, manipulated molecular structures, robotic creatures, or mechanical creatures of any kind connected to _____, that You disconnect them from their computers and handlers so they cannot interfere with this session, unless you desire to make their presence known.

I ask that You sweep through the room(s) that we are in and cleanse it of all lingering evil spiritual or ungodly beings. I also ask You to remove all watchers, reporters, monitors, sentinels, remote viewers, messenger bats, robotic spies, drones, fiber optics or any other kind of evil spiritual or ungodly surveillance entity or device. I ask that You cut us off from all evil spiritual or ungodly communication, power, and transportation lines, grids, or planes.

(If doing the session via Skype): I ask You to take authority over our computers (or other digital devices), the Skype programming, and the telecommunication lines between us and not allow any person or evil or ungodly entity to intercept or interfere with their smooth operation.

I ask You to cancel all assignments made by any evil being or ungodly person or entity against this session or any of us. Please sanctify this time for _____’s healing and spiritual freedom. Cover us with the blood of the Lord Jesus Christ and surround us with Your protecting and warring angels as needed. Put in place whatever is necessary to block the evil spiritual realm from being able to know what we are doing. I pray this in the name of the Lord Jesus Christ, Amen.

¹⁰ This command is given to separate any synthetics in the person. These are demons that are actually fused to an alter fragment.

2. If you are comfortable with it, ask the Most High God to enter His courtroom.¹¹
 - a. This is a place where legal matters involving the spiritual realm can be appealed before God.
 - b. This also provides a safe place for the survivor.
3. Be sure you have done the “Breaking Generational Bargains and Barter’s” renunciation¹² before proceeding, as this is what often gives the right to Satan to take life force from a person.

B. Generational Repentance

The following activities,¹³ if present in one’s generational line, can bring extensive bondage and must be broken through generational repentance for the survivor to receive complete freedom.

1. Ask the individual:
 - a. Are you willing to stand in the gap on behalf of your ancestral lines on your mother’s and your father’s sides to acknowledge, renounce, and confess on their behalf the iniquities of:
 - 1) Desecrating and invading humanity with manipulated life forms without their knowledge or consent and against the will of God;
 - 2) Dedicating children for use in these projects and to contribute their life force to be used for ungodly purposes;
 - 3) Engaging in lottery games to designate people for ungodly experiments;
 - 4) Defying God’s strict orders for His creations to reproduce after their kind;
 - 5) Participating in the sexual transgression of the fallen sons of God, who abandoned their God-appointed abode and procreated with the daughters of men, bringing a foreign life force and their innate powers into the human race and into the life force manipulation projects;
 - 6) Desiring connection with the black and white and heavenly powers carried by the sons of God;
 - 7) Participating in ungodly maneuvering to include spiritual beings in human procreation;
 - 8) Engaging in marriage and/or other forms of blood covenants with the sons of God or any other cosmic or Nephilim or Rephaim beings;
 - 9) Desiring to connect with, and/or to rescue, the fallen sons of God from Tartarus
 - 10) Being human carriers of Nephilim and Rephaim spirits
 - 11) Worshipping the heavenly host, including the sun, moon, stars, planets, and constellations, including the dragon, Jupiter, Venus, Mercury, Saturn, and Mars¹⁴ rather than the Most High God and Creator of all;

¹¹ For further information see “The Cosmic Hierarchy and Appeal to the Heavenly Court” available as a free download at <http://www.rcm-usa.org/downloads.html>.

¹² Available as a free download at <http://www.rcm-usa.org/downloads.html>.

¹³ Obviously, not all of these will be present for every survivor.

- 12) Worshiping Moloch, the Canaanite god of the sun and the sky, the Queen of heaven, Isis, and Abaddon the destroyer;
 - 13) Worshiping Saturn as a counterfeit Jehovah or as the origin of all things, including time, or as the counterfeit Alpha or the counterfeit Creator;
 - 14) Participating in the connection of the planets with the underworld and the life force manipulation projects of Lucifer;
 - 15) Allowing one's body to be used as a transport conduit between Lucifer's realms above the earth and beneath the earth;
 - 16) Being fascinated with, or involved in, eugenic and manipulated life form experiments, producing clones, aliens, replicates, and hybrid life forms to be used for the purposes of darkness;
 - 17) Believing the deception/lie that God would sanction the creation of hybrid life for any means of good for mankind and/or that hybrids would be created in the image of God;
 - 18) Engaging knowingly or unknowingly in the Garden of Eden, or Garden of Seaden, Project to counterfeit the true God's creation of life forms; the Genesis Project; the Noah's Ark Project;¹⁵ and any other project within the whole plot to bring destruction to God's creation and then to repopulate the earth and the planets with creatures believed to be built better than humans
 - 19) Manipulating life force and molecular matter to create objects and other life forms to be used for ungodly purposes, including as alien bodies and a means to control other people;
 - 20) Taking communion with Nephilim; Rephaim, or hybrid blood;
 - 21) Engaging in the mixing of the semen, blood, and other body fluids of the Nephilim, Rephaim, and hybrids and pouring them into the earth to change the nourishment of the planet
 - 22) Allowing human wombs to carry hybrid embryos for ungodly purposes;
 - 23) Using captured floodwater that descended from above the firmament,¹⁶ or the cathedral of the heavens, for ungodly purposes under the earth.
- b. Are you willing to forgive your ancestors for bringing this generational inheritance and its consequences into your life and to put all responsibility for bringing judgment into God's hands?
 - c. Are you willing to renounce and to repent of any and every way that any part of you has knowingly or unknowingly, willingly or unwillingly participated in these iniquities yourself? (Be specific about the various ways God brings to mind that the person may have done this.)

¹⁴ The Babylonians considered the sun, the moon and the five planets as their seven great divinities. Toorn, K. v. d., Becking, B., & Horst, P. W. v. d. (1999). *Dictionary of deities and demons in the Bible DDD* (2nd extensively rev. ed.) (202). Leiden; Boston; Grand Rapids, Mich.: Brill; Eerdmans.

¹⁵ This is allegedly a project to preserve hybrid forms of life to repopulate the earth after it is destroyed.

¹⁶ The floodwater that descended from above the firmament is what God used to cleanse the earth of its defilement by the Nephilim contamination. It seems that a certain amount of it may have been collected beneath the earth and is used by darkness to "undo" projects that did not turn out well or need to be reversed.

2. Pray:

Most High God, I ask You on the basis of what _____ has stated and through the shed blood of Jesus Christ to break these generational inheritances and their curses from his/her life and from the lives of his/her descendants going forward for a thousand generations.

I ask You to remove from them all evil and ungodly entities and powers, forces, energies, lights, life forces, mists, and manipulated life forms that gained access because of this generational inheritance, to pass judgment on them, to dispatch them to the destination of your choosing as appropriate. I ask You to seal with the blood of the Lord Jesus Christ all portals and orifices they used for access, and to fill all evacuated places with Your true Holy Spirit.

As You remove these generational curses from them, will You please release any of Your generational blessings intended for them that were blocked because of these generational iniquities? Thank you, Most High God.

C. Declarations

Ask the person to indicate his/her free will choice by answering the following questions:

1. Do you declare that it is not your will for your life force to be used by Satan in any way for any part of his agenda?
2. Do you renounce any vows, covenants, alliances, or agreements that any part of you made, or any of your ancestors or any other person made, to allow your life force to be taken and used by darkness; to be exchanged for, or to be bound to, the life force of any other person, animal, plant, spiritual being, or manipulated molecular structure; or to form the foundation of a pseudo-identity system within you?
3. Do you desire to be disconnected from the entire life force manipulation projects being carried out above the earth, on the earth, and beneath the earth and from all communication and transport grids involved with them?

5. Do you desire the Most High God to relieve you from all obligation to fulfill any and all assignments within the life force manipulation projects?
6. Do you desire that all directives and assignments concerning you that are held by any and all human, spiritual, and manipulated life forms to be cancelled and annulled?
7. Do you desire for your heart¹⁷ as well as every other part of your body, soul, spirit, and personal domain to be disconnected from all vortexes; black holes;¹⁸ gravitational

¹⁷ Many of the survivors going through this process report feeling something occurring with their hearts either during the procedure or afterwards. The heart is obviously what pumps the blood, carrying one's life force, through the body. (One of my interns found on the internet that the heart is also a cosmic gateway to the stars and can receive energy from cosmic sources and process it. I'm sorry I did not get the site where she got this information.)

¹⁸ A black hole is "a celestial object that has a gravitational field so strong that light cannot escape it and that is believed to be created especially in the collapse of a very massive star" (Merriam Webster's Collegiate Dictionary 11th Ed.).

fields; power or light beams; or life force suction devices, structures, mechanisms, extractors, separators, or needles; or any Nephilim or Rephaim spirits that may be used to suck life force from you?

8. Do you desire for all entrances, orifices, portals, or conduits to your heart and circulatory system as well as any other places in your body, soul, spirit, or personal domain that were used for sucking out life force from you to be closed and sealed with the blood of Jesus Christ so they can never be used ever again?
9. Do you desire that all power and light beams under the control of darkness or the fallen sons of God that are still being directed at you from whatever source for whatever purpose be scrambled and diverted?
10. Do you desire to be totally disconnected from any power supply line or power grid that is using your life force?
11. Do you desire for God to annul any and all ceremonies, rites, pacts, rituals, dedications, bargains, marriage covenants, engagements, or other blood covenants or alliances made between any part of you with sons of God or any other cosmic being or hybrid entity, including with Satan or Lucifer himself, and to remove you from all obligation to them?
12. Do you renounce and desire to be disconnected from the sun, moon, stars, and planets along with their corresponding cosmic beings, including Jupiter, Venus, Mercury, Saturn, and Mars, and all of their cohorts and underlings?
13. Do you renounce and desire to be disconnected from all fallen sons of God; Moloch; the Queen of Heaven; Isis; Ashtoreth; Baal; Beelzebub; the Prince of the power of the air; Lucifer; and the entire hierarchy of evil entities connected to them as well as to Chaos and the underworld and all of its parts and activities?
14. Do you desire to be completely disconnected from, and to have removed from you, all other demonic and cosmic beings; primordial gods, Nephilim, Rephaim, animal, hybrid, marine, elemental, and familial spirits; powers, forces, energies, lights, life forces, mists, or anything else from the realm of darkness that was connected to you through your involvement with the life force manipulation projects?
15. Do you renounce any role that Saturn or any other ungodly cosmic being plays in connecting the planetary realm with the underworld and the life force manipulation projects of Satan's, including using you as a conduit of life force, light, power, or transportation between these realms?
16. Do you desire that any structures in you or around you that allowed you to be used in this way be removed in all of their multidimensional representations along with all mirror and holographic images, reflections, shadows, back-ups and self-replicating mechanisms, and all connecting points and orifices closed and sealed with the blood of Jesus Christ?
17. Do you desire the Most High God to destroy, or to do with according to His will, any master copy of the imprint or template that was used for replication of your stolen life force?

18. Do you desire any replicated life force of yours that was put into storage in any place to be taken to the destination of God's choosing?¹⁹
19. Do you desire that any supernatural stitching, glue, or power used to join your life force to any other foreign life forces or manipulated molecular bodies to be dissolved or removed?

26. Do you desire the Most High God to separate any familial spirits from the Beast or any cosmic being serving as the Master of Ceremonies and to separate them permanently from you along with the entire hierarchy of ungodly spiritual entities connected to them?
27. If an entire replicate or hybrid system of pseudo-identities was established in you, do you desire God to remove all of it down to its very roots, including everything that is not part of your originally created-by-Him humanity or life force?

29. Do you desire God to release captured flood water as needed to neutralize and remove all forms of contamination surrounding and absorbed by your true identity system?

¹⁹ If the person's life force has been replicated and then used for other purposes, we do not want to bring back more life force than was removed in the first place. What is most important is to have the original life force that was taken returned.

30. Do you desire for your true identity system to be disconnected from receiving nourishment from any ungodly source, including from the counterfeit river of life and/or tree of life, and to be moved, if needed, to receive the nourishment that God intended for you?
31. Do you desire that the original life force stolen from you be separated from any foreign life force; cleansed of all demonic and cosmic beings; Nephilim, Rephaim, animal, hybrid, elemental, marine, or familial spirits; powers, forces, energies, lights, life forces, mists; power devices, receptors, and structures; programming; markers, labels, or tags; imprints; or any other form of contamination or debris that is not part of your original, created-by-God, stolen life force; and then be returned to you,²⁰ cutting any necessary cords; removing any anchors, seals, caps and spiritual guardians as needed?
32. Do you desire for all seals; artificial place-holders; manipulated molecular structures; computer hard drives, connectors, or other components; or foreign life force installed where your original, stolen life force belongs to be removed along with anything else obstructing its ability to be fully integrated and for it then to be integrated back into your soul as if it had never been taken?

37. If anyone took an imprint of your body or brain to use as a remotely controlled, computer-controlled, or pre-programmed, Voodoo doll-like image or hologram or reflection in order to retain control and influence over you and your health, do you desire for those images or imprints to be destroyed or taken to the place of God’s choosing?
38. Do you desire to have any storage units and/or transport tubes for manipulated life forms or devices removed or disconnected from you along with any cosmic beings connected to them?
39. ²⁰ Just as it is extremely important to find and bring back into life the person’s Original Self, it seems equally important to bring back the original “piece” of stolen life force.

40. If any of these powers are connected to a grid, do you desire to be disconnected from those grids and to have all connectors and supporting structures of any kind; including power entities; Nephilim, Rephaim, elemental, or familial spirits; or manipulated molecular structures; removed from you in all of their multi-dimensional representations along with all mirror and holographic images, reflections, shadows, back-ups and self-replicating mechanisms, and the openings closed and sealed by the blood of Jesus Christ?
