

Child Adult Relationship Enhancement

A trauma-informed training model to teach relationship enhancement skills.

A simple and concrete set of skills for ANY adult to interact with ANY child or teen, in ANY setting

CARE workshops actively build skills through discussion, demonstration, practice, and live coaching all within a fun and engaging learning environment!

Perfect for

- Parents, caregivers, and extended family
- Teachers and school personnel
- Preschools and Child Care Providers
- Health Professionals and Medical Providers
- Mental Health Providers
- Child Protection Workers and Case Workers
- Visitation Specialists
- Foster Care Providers
- Community Support Providers
- Domestic Violence and Homeless Shelters
