

Association membership entitles you to a annual Newsletter as well as an invitation to a Bi-Annual Reunion, meeting hundreds of descendants of the first Legers to come to Louisiana.

Members may also avail themselves to research from a large Leger Genealogy database and a complete set of Father Donald Hebert's ""Southwest Louisiana Register" books during Reunions. Research assistance will be available to members at any time, by the Association Genealogy Committee. See forms on the Genealogy Page to ask for help.

A comprehensive history of the Lege/Leger Family (Written by our Historian, R. Lege) with additional historic information about Acadia, our migration and our expulsion is available in a loose leaf binder at our cost.
