granite counters, decorative tiled backsplash, and architecturally-designed cooking ventilation. Clerestory window adorn each kitchen wall and accentuate the quality finishes in the kitchen and living areas. There's ample storage with 2 pantries; one built-in with the cabinetry that includes pull out drawers and access to power. There's also under cabinet lighting! The **Primary Bathroom** features dual vanities finished in granite with decorative tile and under-mount sinks; designer mirrors, pendant lighting, industrial style shelving, and tub with tile surround. The **Backyard** is very relaxing! It is meticulously maintained with nice shrubbery and trees - balancing low maintenance xeriscaping with well thought out features including a gas fire pit; a brick walkway that leads to a raised sitting area with wonderful Organ Mountain views; a 3-tiered fountain; and custom designed, solar powered artwork that enriches the ambiance. There's more!
