Our yard was a mess, beyond us at the moment.

Kieryn and his team worked extremely hard for hours. They were polite and professional and took a great load off our minds. We will certainly use their services again and would recommend them. A big thank you!!

- Deidre Griffiths

To the team at Ladybug Landscapes I would just like to say thank you. We now have a terrific backyard to enjoy.

Their level of communication is exceptional and they are an absolute pleasure to deal with. I would have no hesitation in recommending them.

- Alison Jackson

We've been fortunate enough to have engaged Team Ladybug for the past year or so: generally a day every 3 weeks or so. Their expertise, gardening passion, massive work ethics and devotion to maintaining our gardens as if the gardens were their own is so welcoming and reassuring. Kieryn and Starr are inspirational young people. In addition, Team Ladybug have significantly helped Project Manage a remodeling of our acreage. Their ability to work with other tradespeople, source & co-ordinate material, source labor and equipment hire took a lot of the stress out of the project for my wife and I.....capping it all off for this remodeling was Ladybug's professional ability to help us redesign the gardens and provide us with plant and plant position recommendations. The project's duration was about 3-4 months on and off. We can't speak highly enough of Team Ladybug and my wife and I have no hesitation whatsoever in recommending this enterprising business for all garden care and makeovers.
