## Announcements

**From Pastor Garrett:** I recently took a continuing education trip to Grand Rapids to discuss discipleship and ministry practices during the time of this pandemic with several of my mentors and peers. It was a very fruitful time and I look forward to implementing some of what I learned here at Terra Ceia. If you are interested in a process that will teach you how to disciple someone (non-Christian, new Christian, or long-time Christian) one on one, come see me and I'll train you!

**Baby Bottles Due:** Please return your filled Coastal Pregnancy Center baby bottles next week Sunday.

**Holding Each Other Up in Prayer:** On Mondays the prayer requests will be emailed to everyone. Please use this list to pray for each other.

**Synod 2020** was canceled because of the COVID-19 pandemic and most of the agenda items were moved to 2021. The officers of Synod identified items that could not be deferred for a year and dealt with these items in a special meeting last week. More details at [crcna.org](http://crcna.org).

## From Council

*Hello Terra Ceia Church Family,*

We are glad to be back to in-person worship services inside our air-conditioned building! Praise the Lord!

Council met last Sunday and would like to inform you about some changes made to in-person indoor services. There will be no nursery or fellowship time. A donation box will be used so we won't have to pass the plate. Every other pew is taped off to promote social distancing. Masks are recommended but not required.

Even during this COVID-19 time, ministry is still happening! Mark Knetsch has been working with Dante Covington, a black pastor of an all-black church, to be engrafted into the CRC. We approved Dante to be examined for his license to exhort at Classis in October.

In Christ,  
*Your Council*
