## **About Us:**

EDK Group, LLC was founded nearly a decade ago by a father & son team of lumber industry veterans who saw a need for a wholesale lumber distributor to provide a level of customer service that was hard to find from the “big guys”.

We have a long-term business perspective, and we believe that "A good name is better than great riches" (Prov 22:1).

We work hard every day to live up to that standard by keeping our commitments and delivering the best value possible to our customers.

Our primary customer segments are wholesale (tax exempt) users of lumber products:

- Shed, Gazebo, & Craft Manufacturers
- Independent Lumber Yards & Suppliers
- Industrial Packaging Companies
- Cabin & Mobile Home Manufacturers

Thank you for taking time to learn about EDK Group, LLC. We look forward to working with you! -The EDK Team,
