

We are tutors trained in Powertex which is a universal mixed media paint, glue and fabric hardener making it a must have for mixed media projects. Powertex is water based in its liquid form and is non-toxic (having the highest American AP Safety label) so won't irritate your skin.

We host workshops on an individual basis or in groups (maximum of four people) at Lode Way in Chatteris. In all our workshops you will be walked through the process of creating your own unique project with a combination of Powertex, natural materials and embellishments. Once dry you will be guided through the process of adding colour and highlights to the project to bring it to life. All the necessary materials are included in the price.

If you would like to join us for a workshop you can book via our website:

## Bowl Workshop

This is a half day workshop using Powertex Universal Medium, fabric and Stone Art clay

Take some time out and join us for this fun workshop. Start of with some fabric sculpting then move on to using stone art and acrylic sprays.

As there is a lot of drying time needed on this project so we will be creating a small heart or bauble to practice the stone art technique and make your colour choices.

Lots of hints and tips will be provided along the journey in a relaxing environment and at the end of the session you'll be able to take away a finished project you'll be proud of.

We create alongside you so that you can see each step of the process. After a 3 week drying time the bowl is weather resistant so can be put outdoors on your patio table.
