

We are tutors trained in Powertex which is a universal mixed media paint, glue and fabric hardener making it a must have for mixed media projects. Powertex is water based in its liquid form and is non-toxic (having the highest American AP Safety label) so won't irritate your skin.

We host workshops on an individual basis or in groups (maximum of four people) at Lode Way in Chatteris. In all our workshops you will be walked through the process of creating your own unique project with a combination of Powertex, natural materials and embellishments. Once dry you will be guided through the process of adding colour and highlights to the project to bring it to life. All the necessary materials are included in the price.

If you would like to join us for a workshop you can book via our website:

## Slate Heart Workshop

This project does not require any previous experience and so is suitable for beginners and anyone who has dabbled in the past. It's a great way to spend some time exploring the creativity that Powertex offers.

All materials are provided and at the end of the session you will be able to take away your completed heart. They are 15cm in height and after a 3 week curing period can be placed outdoors.

We create alongside you so you can see the steps needed to create the project using Powertex, Stone Art, clay, some fabric and pigments.. The focus is on dry brushing to highlight all the textures.
