

Recycling & Sustainability Policy

Our Commitment

At Cappa Property Maintenance Ltd we are committed to reducing our environmental impact by recycling wherever practical and disposing of waste responsibly.

Waste Segregation

Timber, metal, cardboard, plastics, glass and clean rubble are separated and recycled wherever practical.

Responsible Disposal

Waste is disposed of through licensed waste carriers and authorised facilities where required.

Material Reuse

Reusable materials and packaging are retained where suitable to reduce unnecessary waste.

Efficient Ordering

Projects are planned carefully to minimise surplus materials.

Supplier Choices

We aim to work with suppliers that support sustainable products and recyclable packaging.

Protecting Your Property

Careful working methods reduce waste while protecting your home and belongings.

Customer Requests

We are happy to retain, recycle or donate suitable materials where agreed before work starts.

Continuous Improvement

We continually review our environmental practices to improve sustainability while maintaining high standards.
