- Scaffolding 162 operatives
- Manpower 58 operatives

COMPANY HISTORY

CMW Asia Management has vast experience in the international industrial services industry. CMW Asia has gained immediate footing in the Philippine setting with its reputation as a trustworthy supplier and service provider.

QUALITY

To ensure the quality of scaffolding, we ensure that inspections are conducted every start of the shift and after conducting work to check the structural integrity of the scaffolding.

SAFETY

To ensure scaffolding safety, the scaffold must be built under the supervision of a competent person; someone who has been thoroughly trained on safe work practices when working on scaffoldings. And workers must be trained by a qualified person before they use the scaffold.

MISSION

To bring in British standard of safety, expertise, and management and incorporating Philippine manpower skills in its projects.

VISION

To improve the profitability of our clients and their industrial assets by efficiency in the overall scaffolding management.

OUR SERVICES

Supply and Installation of Facade System | Scaffolding | Rope Access Construction | Manpower

At **CMW Asia**, we pride ourselves on delivering top-tier services to meet all your construction and maintenance needs. Our offerings include:

Supply and Installation of Facade System: Provision of all materials, labor, equipment, and services necessary for the supply, fabrication, delivery, and installation of the facade system, including framing, panels/glazing, brackets, sealants, and accessories, in accordance with approved drawings and project specifications.

Scaffolding: Providing robust and reliable structural support systems for workers and materials, ensuring safety and efficiency during construction, maintenance, and repair of buildings and large structures.

Rope Access: Utilizing cutting-edge climbing and rappelling techniques to perform tasks at height, ideal for inspections and repairs on tall structures where traditional scaffolding is impractical.

Construction: Offering comprehensive planning, design, and execution of residential, commercial, and industrial projects, guaranteeing the delivery of high-quality and durable structures.

Manpower: Supplying a skilled and dependable workforce, including carpenters, electricians, plumbers, and general laborers, to ensure the timely and successful completion of all projects.

Trust CMW Asia for exceptional service and unparalleled expertise in scaffolding, rope access, construction, and manpower solutions.
