LARRY TURNER

FOR MAYOR

MAN OF SERVICE

23 years: U.S. Marine Veteran,
Lieutenant Colonel

9 years: SDPD,
Community Relations Officer

**READY TO SERVE AGAIN,
AS YOUR MAYOR!**

WHY I'M RUNNING

I am a family man. My amazing wife, Cynthia, and I are raising our two wonderful children, Zac and Zoey, in our beloved San Diego.

I care deeply about the *future* of our city.

The lack of strong, *ethical* leadership in our city is unacceptable.
The mayor works FOR the people, not against them.

I am a lifelong Independent. I don't believe in partisan political bickering.
I believe in **solutions only**.

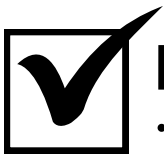

END CORRUPTION

- I have no interest in climbing political ladders
 - I cannot and will not be influenced by power or money.
- Return power to the people: San Diegans are tired of the ruling elite who are above the law and above community feedback.
- I will not go *against* San Diegans' best interests by *pandering* to friendly donors.
- In order to restore public trust, we need an honest audit and diagnosis of the problems our city faces, so we can problem solve.

PUBLIC SAFETY

- Reform police culture in San Diego:
 - Establish a relationship of understanding and trust between law enforcement and the communities they work for.
 - Attract and retain the best and brightest who embody the San Diego Spirit.
- Hire behavioral health experts to respond to non-violent calls.
- Demand accountability for repeat drug and theft offenders by working with law enforcement, and modifying Prop 47.

INFRASTRUCTURE

- Focus on CORE city services: no more potholes, flooding or failure.
- Our failed Mayor has put San Diegans in a dangerous deficit: the only money he can find is deeper into *your* pocket with his proposed sales tax increase.
- I will cut the city's overspending for the benefit of taxpayers and allocate the money where it is most needed: fixing our unsafe streets.
- No more ridiculous real estate deals, like 101 Ash, that syphon money from *infrastructure* to pay for our failed Mayor's mistakes.

HOMELESS CRISIS

- Engage *with* the community on solutions; no "closed-door" plans.
- Let's bring humanity back into the San Diego spirit:
 - No more dehumanizing homeless individuals, "herding" them out-of-sight with no plan to *improve their lives*.
 - I support shelters that provide privacy and security for the homeless, not one-size-fits all warehouses.
- Implement a continuum of care from street to housing, and engage proactive prevention programs.
- End violent crime hiding amongst, and *preying upon*, our unsheltered population.
