To whom it may concern,

It is with much enthusiasm that I am sharing Lives Worth Saving to you. I have had the pleasure to startup and overseeing the security team of our church, and I can state with confidence that Kevin is the most motivated, professional and responsible speaker with a high degree of integrity. As such, I expect that Lives Worth Saving would be a very positive Active Shooting Training Service to your institution.

Kevin was not only giving us a vivid and professional Active Shooting Training Class, but also provides us a perfect Threat Assessment and Emergency Response Plan. I receive a lot of positive feedback from our Asher team and kids ministry teachers. Kevin showed us skills and how to react on different situations, and how to communicate with visitors, staff and police when needed.

I sincerely believe that Lives Worth Saving could help you to well prepare at all.

Bless you,

Peter Yulin
