handle unforeseen challenges in real-life**

**Believe in Quality Education as Brand Value
Indicator that can ONLY give expected 'Return
of Investments' like Students' Precious time at
Schools/Universities and Hard-Earned Money of
Parents as well as Promoters**

Why QiECSPL?

If you believe that....

- ✓ Accreditations and Rankings are must for your growth and you need assistance to accelerate in this direction.
- ✓ Working for accreditation/ranking process is consuming most utility time of your faculty members and timely implementation of policies/processes is missed.
- ✓ Your institution deserves Top Rankings and Accreditation levels.
- ✓ Experience Low Students intake each year.
- ✓ There is a high gap between the Quality of Education in K-12 Schools and most Undergraduate Entrance Examinations.
- ✓ You should be all time ready for any approval inspection.
- ✓ Your student's lack professional training and various skills required for being employable.
- ✓ Your faculty needs to be trained for maximum outcome based delivery in classes and institution building.
- ✓ You need a team very well familiar with necessary liaisoning, approvals protocols, and documentation to open a school, university, skill/training centre as per the demand.
- ✓ Parents have right to see their Child's Physical and Mental growth being monitored alongwith Academic growth.
- ✓ Its high time to involve skill credits in routine marksheets.
- ✓ Your faculty routinely publishes unacknowledged or plagiarized research contents.
- ✓ You have deep interest towards Special Education Inclusive format.
- ✓ Your students though having rich academic background do not receive ample industry internship opportunities.
- ✓ You have ample in-house resources those are rarely used by your team or not used in full capacity.
- ✓ You need Field Experts to Audit your Educational Unit.
