

## **HOW TO ORDER FROM THE NIMBLY STORE?**

Go to [www.shopnimbly.com/nldadance](http://www.shopnimbly.com/nldadance)

Under each category there are items. Many are not required but we offer these products to help save you time and money searching for these things. You are welcome to order items from other companies, but the tights will be required for winter showcase, recital and studio pictures. It is important all dancers look the same.

Each item will have a different size chart. We have the sizing kits for the footundeez, combination class ballet and tap shoes. Other than that, I recommend using the sizing chart to convert your dancer's street shoe size for the dance shoe they need.

You will see class categories...

**Ballet** – This is for dancers ages 9+. You will see a variety of dance leotards, there are numerous color options, tights, skirts, and the footundeez. Dancers can wear any leotard they chose to their classes and whatever they want over it.

**Boys-** There are some options for boys 9+. They have shorts, pants, black ballet shoes and black tap shoes.

**Combination Class (Ages 3-4, 5-6, 7-8 classes)** – There are many different styles of leotards. Dancers in this class can only wear black leotards but can wear any color skirt over the top. There are pink ballet shoes, black tap shoes and tights available as well. Boys – you can order the ballet shoe in a black color.

**Competition Teams** – This is for mini stars, Jr. Performance, Sr. Performance and Sr. Elite Performance team dancers. The tights and footundeez required are listed on these pages. There is an optional garment bag if you need one.

**Hip Hop** – The tights and optional black hip hop shoes are listed. These are not required but optional for hip hop dancers.

**Jazz** – This is for dancers 9+. The tights, footundeez, and optional leggings are listed under this category.

**Tap Class** – This is for dancers 9+. There are a couple of options of tap shoes on here.
