What do some Above the Standard Hospital and Healthcare clients say about us?

"Above the Standard showed, directed, implemented, and trained us in new methodologies for more effective resource usage, bottom line improvement, Standard Operating Procedure specific to our organization, risk management design, supply chain disruption, vendor management, capital increase, and a host of many other areas – they exceeded our objectives and goals."

"We learned so much as we interacted, implemented, learned about how to increase our capital, bid teams, cost reduction, processes, contracts, and sustainable measures, and applied these principles from Above the Standard."

"Above the Standard helped us to improve our procurement and finance process."

"The capital increase helped us be successful in our company, our project, and plan."

"We appreciated how Above the Standard showed us how to reduce costs within our Government."

"The Standard Operating Procedures templates provided were excellent for reference ..."

"Instruction, training, and best practice provided, instructed, and implemented was clear and understandable."

"Above the Standard training course was strategic, conducted professionally, structured and plenty of power strategies and ideas."

"Above the Standard provided organized, needed information and relevant training to help our company."

"Above the Standard provided case studies, exercises, support documents, and supportive templates for us so that we can make our organization a best-in-class place."

"Above the Standard is very knowledgeable in procurement management"

"The things I learned saw, was implemented, and showed will help me and my company – I found so many useful insights...more than I thought would have been."

"Above the Standard has helped us formulate an effective requisition process, showed us how to build up vendor relationship, and guided us in best practice about how to minimize supply chain disruption."

"Training coverage extensive, effective, sustainable."
