Write the book that fuels your soul

With: Kierra Walker

I'm Kierra Walker, Executive Publisher of Literary Freedom Publishing, LLC.

As a successful bestselling multi-genre author, I can personally attest to the ebb and flow that accompanies authorship. For years, I researched the literary industry on a quest to hone my solo author career. What I ultimately discovered is the market is fluid, and ever-evolving, so the learning never stops. Years of research, trial and error, and my passion for reading, creative writing, and publishing led to the birth of LFP. Daily, I'm presented with opportunity to genuinely collaborate with aspiring, newly-established, and veteran authors, bridging the passion and purpose of literature.

With 10+ years of skill and expertise in the literary industry and 100+ fiction and non-fiction works published under the LFP imprint, I've established a number of valuable resources to assist writers.

I hope you find this information valuable.

Introduction

The introduction brings attention to the main topics of the manuscript and prepares your reader(s) for what is to come.

Your introduction will function as a teaser to do 3 things:

Hook the Reader - What the most exciting premise of your manuscript? What are the biggest takeaways for readers? What does your book promise to the reader?

Demonstrate why the reader should listen to you - Who are you? Why are you the person to deliver this message? What distinguishes you and your message?

Give a rough outline of the book's content - Show the reader what's coming and get them excited for it! Provide your readers with a sneak peek of the depth and diversity of topics you cover so they see the value

Chapter 1

Set the tone of your book and introduce the overall theme. Reveal the problem your book solves.

Choose a story that exemplifies the problem and the frustration that comes along with it.

Introduce a logical solution and share an inspiring vision of what is possible for the reader as they read.

The first few pages are your chance to engage readers, so be sure not to waste time with information that takes away from the main ideas and details.

Get right to the point.

Chapter 2

In this chapter, you get the reader to move through your process. Be sure to provide an overview of how to do it and leave the details in the chapters to follow.

What do they need to know?

Remember, the more actionable content you provide, the easier it becomes for your readers to implement what is being presented.

Provide exercises or practices then conclude and transition to the next chapter.
